**Subject: Dearborn Police Department 'House Check Registration Program'**

Dear Chief Haddad:

The purpose of this letter is to thank you, and Department officer and staff members for their contribution to the subject.

As you may know, and as the Department *does* know, my work involves frequent out-of-town and out-of-country periods, sometimes lasting up to two weeks.

Previously referred to as "Vacation Watch" and implemented through direct Department contact and hard copy, the new system is internet based and called House Check Registration (attachment). \*

*So, how is the new system working?* Upon return from a recent extended trip (to the east coast), I just happened to be home, as I had scheduled/registered. On October 12 I had the pleasure to greet the officer assigned to the subject for my home; he was on-premises observing and securing my homestead per the subject (Having possibly misread my 'return date' of 11 October).

The program is working. Again, I wanted to thank you, and extend same to the Department officers and staff members.

Respectfully yours,

Paul V. Sheridan
