Subject 1: A Sincere 'Thank You'

Subject 2: Plan by Ivy League Universities to Make COVID-19 "Vaccinations" Mandatory

Dear Mr. van der Veen:

Thank you for your good works/efforts defending President Donald Trump, versus the Marxist/Bolshevik/media sleaze that currently spew self-absorbed blatantly fraudulent claims about, among other things, 'public service.'

That sleaze is fully focused on ensuring that people like you are muzzled permanently; professionally and personally/socially, up to and including threats and acts of violence.

I chose 'muzzled' specifically; to make my person relevant. I worked with major Philadelphia plaintiffs' firms, assisting in the area of automotive product liability (Please see page 7 below). I am the only person in-history to win the Civil Justice Foundation '*National Champions Award*' for work in transportation safety. Such keeps me connected to the courts, and the medical field.¹

And then there is this . . . what those same Marxist/Bolshevik/media sleaze laud as "America's Doctor" :

¹ The personal precursor, during math/physics BS degree at SUNY-Albany, I lived with Albany Medical School students; I read their texts, crashed their study sessions, their labs and even a few classes. They had declared that I would have made an excellent MD.

My interaction with Anthony Fauci began in the 1980s during his foray into the “HIV = AIDS” routine. My references included Dr. Kary Mullis; the Nobel Prize winner/inventor of the Polymerase Chain Reaction (PCR) process. Dr. Mullis had repeatedly declared that PCR is not valid for virus testing, such as currently deployed by Fauci as his “Gold Standard” for (what has been labeled) SARS-CoV-2. Unfortunately, Dr. Mullis passed last August (no foul play indicated).

I had written to President Trump, and the First Lady, many times regarding Fauci. In my letter of 18 September 2020, just prior to the November 6 “election,” I stated:

18 September 2020

VIA FEDEX AIRBILL [8007 – 9341 – 6373](tel:8007-9341-6373)

President Donald J. Trump
The White House
1600 Pennsylvania Ave NW
Washington, DC 20500

Subject: The “Law & Order” Presidential Candidacy of Donald J. Trump (3 November 2020)

Reference: My Letter to United States Attorney General William F. Barr of 28 August 2020

Dear Mr. President:

You cannot campaign or preside with credibility as the Law & Order president **while coddling a criminal** in your mist; in your inner circle:

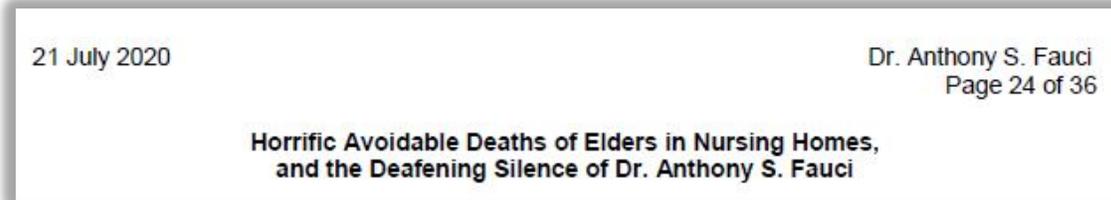

President Trump goes one-on-one with Laura Ingraham | Part 3

646,974 views • Aug 31, 2020

Your phrase “inherited him” might be appropriate to a stray animal that you decided to take on.

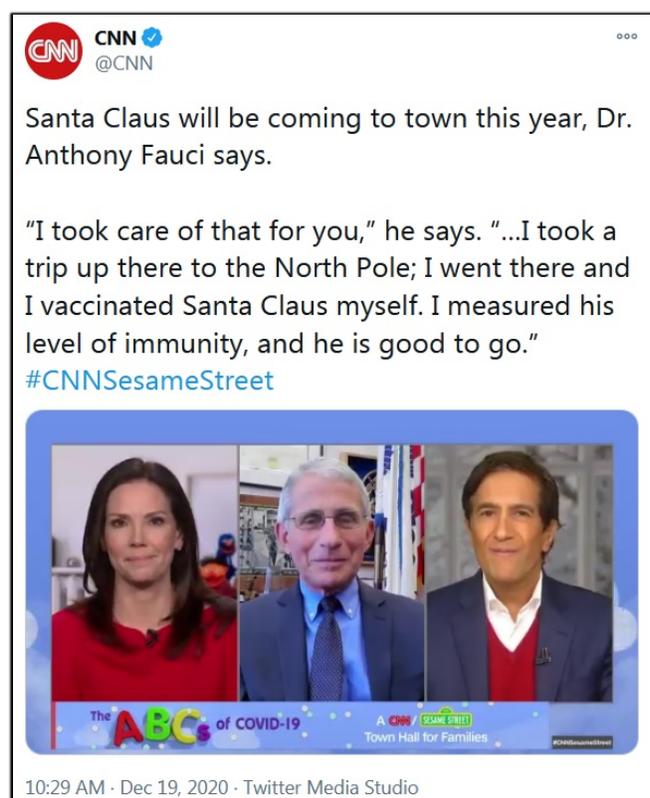

My first letter to Fauci on his 'SARS-Cov-2 = COVID-19' routine was 21 July 2020. Rather than responding with veracity, he deployed a "do you know this guy" inquiry with Cornell University; I am well-known-to, and well-liked-by my alma mater. Fauci never responded, wherein I asked ten inter-related questions on COVID-19, **including the issue of nursing home deaths:**

Found under Tab 2, please note that **I emphasized Pennsylvania** as the focus of that question. Among the many courtesy copy recipients, including President Trump, none responded . . . but now we have nightmares associated with K – 12 suicides, **which are directly connectable to Fauci and the governors.**

The New York Attorney General's report, detailing the **true** horrors in their nursing homes (**caused** by Cuomo) has now elevated everyone's political outrage . . . that is all they are capable of.

The politics calls for resignations and criminal investigations . . . **but none of these Marxist/media sleaze are looking at the event that ended the tranquility of a family in Brunswick, Maine . . . arriving home just before Christmas, greeted by a suicide note . . . and a corpse.**
The essence of Fauci's response to the K-12 issue is at-right:

The above is discussed in-detail under the 'Enclosure' tab.

That is, rather than demonstrating true care **for** the children, the media sleaze is instead promoting Fauci's injection of his 'liability immunity' vaccines **into** our children. That Fauci would deploy Christmas and Santa Claus as a sales & marketing tool should make your skin crawl.

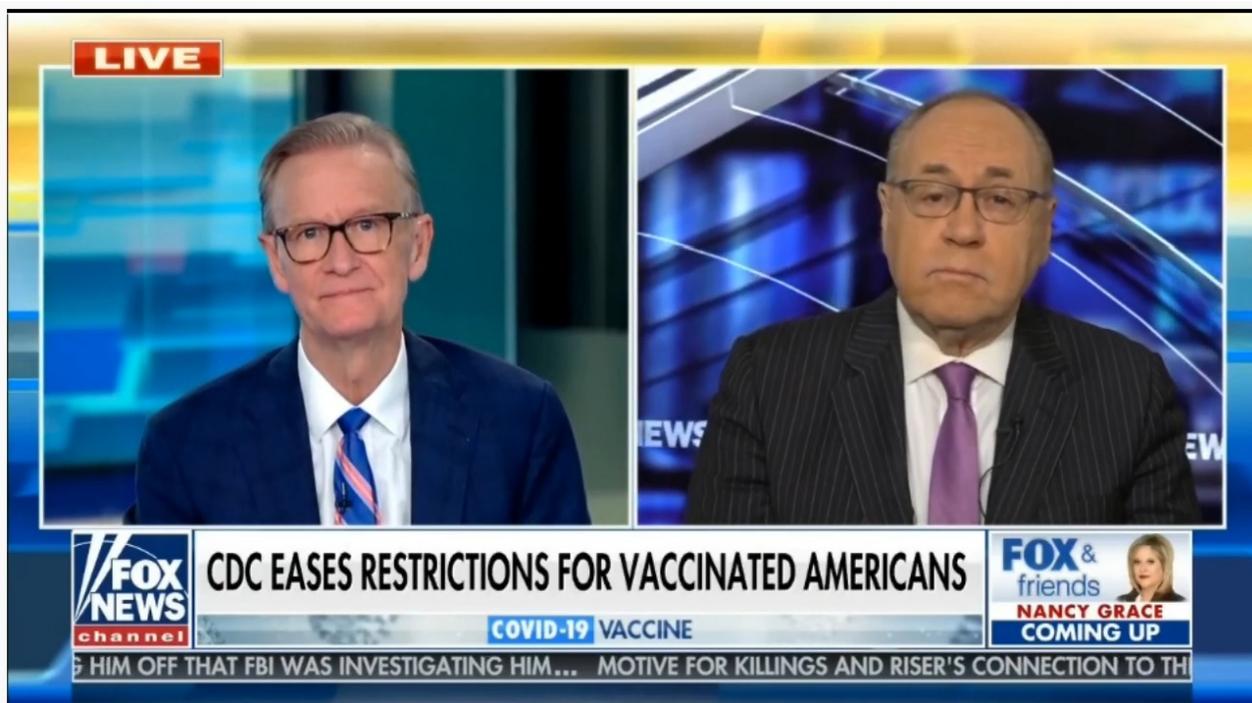

But the ethical squalor that is Fauci's true stature is only approximated by his "response" to my follow-up letter of 21 December 2020 on the K-12 suicide deaths issue. You note that the first page of the 'Enclosure' section (binder) includes the SPOD. You note a one-day delay versus next-day service. Upon seeing my identification, the NIAID staff followed their boss's directive, and refused delivery. Upon 'Delivery Exception' alert, **I immediately confronted Fauci's secretary by direct-dial telephone. She essentially admitted refusal, but then relented and offered acceptance for the following day. Such is Fauci.**

The enclosed binder includes my most recent letter, and these subject/reference lines:

Subject: Ensuring Liability Immunity for Ivy League University Presidents and Staffs – Student Signature / Consent Requirements for COVID-19 "Vaccine"

Reference: Plan by Ivy League Universities to Make COVID-19 "Vaccinations" Mandatory

As implied by the intro above, I have no interest in mincing words about the safety and well-being of our K-12 children. This now applies to the young adults who are about to be victimized by the Ivy League presidents, and the entire "higher education" industry. But to assess the essence of what these lofty "leaders" have planned, we review the stature of Dr. Marc Siegel:

Siegel Demands Vaccination Thru Coercion

The screenshot above is from a Fox News interview given by Siegel, on 9 March 2021, wherein he declares that the *only* way out of this “pandemic” is through “vaccine passports.” I discussed his two PRIOR interviews on page 3 of 17 (binder). His statement on 9 March, to Fox News specifically regarding Fauci’s needle:

“Listen Steve, with all three of these vaccines there is zero hospitalizations and zero deaths right now, that’s incredible . . .”

A bold-faced lie . . . Siegel is fully aware that THOUSANDS world-wide have been hospitalized and/or died subsequent to being stabbed by Fauci and Gates and Dershowitz. What Siegel was not aware of; my letter to the Ivy League presidents was *en route* while he spewed that crap. On that point, please read the ‘Dedication’ pages 15/16 of 17. As an update to the “medical expertise” of Siegel and his Ivy League president friends, we note the following:

Boxing great Marvin Hagler died on Saturday.

Perhaps Siegel will pronounce ignorance of the future, and protest his innocence, since the above headline was four days after his “zero deaths right now” lies?

What possible “medical expertise” could Siegel bring to bear on the following, which was known to this so-called “health authority” PRIOR to 9 March . . . **reported by FOX NEWS in February!!**

Utah Medical Examiner says 39-year-old mom’s death 4 days after taking COVID vaccine is ‘temporally related’

Kassidi Kurill received her second dose of the Moderna COVID-19 vaccine on Monday, Feb. 1

The family of a 39-year-old [Utah](#) mother who died just four days after taking her second dose of the [COVID vaccine](#) believes her death may be directly connected to the vaccine. But medical experts are cautioning the public not to jump to conclusions until all the facts are collected.

Kassidi Kurill received her second dose of the Moderna [COVID-19](#) vaccine on Monday, Feb. 1. Over the next few days, she became sick, and her condition worsened. By Friday, Kurill was dead.

There are so many examples world-wide, but it is what Siegel and his ilk do **not** say that is equally indicative of their inaccuracy . . . part of which is the crux of the enclosed binder.

Why is it . . . Siegel or Fauci or the media, who deride your client, have never mentioned that the First Family has not, and has no intention of participating in “*Operation Warp Speed*.” Why is that?

Never has Siegel or Fauci or the media reported that the true results of “*Operation Warp Speed*” are **not** an approved vaccine (by definition and content), **but in-truth is an EUA experiment.**

Never has Siegel or Fauci or the media, reported that the results of “*Operation Warp Speed*” are so flimsy that the only way to stick the global population with this vileness is by virtue of the “**liability immunity**” that Fauci, a graduate of the Ivy League, so astutely lobbied-for in behalf of his suitors in the pharmaceutical industry. **Question:**

Since you and your firm have worked in the area of product liability, can you imagine the response from the plaintiffs’ bar or Congress or consumer groups, to secret lobbying efforts for “liability immunity” in behalf of, say, Ford Motor Company? General Motors? Or my former employer Chrysler Corporation? What would your firm’s response have been??

Inserted (rear sleeve of binder) you find eight SPODs; all eight Ivy League presidents are in-receipt . . . and on-notice regarding Subject 2 to *this* letter.

As you read my cover you will note use of the term 'Nuremburg' **five times**. My use of that word occurred prior to similar use by Yale University Professor of Epidemiology, Dr. Harvey Risch (Recent 'thank you' and SPOD enclosed.) That is, I placed the eight Ivy League presidents on-notice regarding what their Law Schools routinely teach! And now this . . .

The lawsuit by A. Suhovolsky & Co. Law Offices of Tel Aviv Israel has been accepted by the Hague:

To: International Criminal Court				
Office of the Prosecutor				
Communications				
Post Office Box 19519				
2500 CM The Hague				
The Netherlands				
Email: otp.informationdesk@icc-cpi.int				
BEFORE	THE	INTERNATIONAL	CRIMINAL	COURT
(TREATY	OF	ROME, ART. 15.1 AND 53)		
IN	THE	MATTER	OF CRIMES	AGAINST HUMANITY
Subject of complain: <u>Violation of the Nuremberg Code by the Government of Israel and additional factors</u>				

Regarding Fauci's EUA and associated liability immunity status, Attorney Ruth Machnes states:

“Pfizer’s experience in the State of Israel was conducted in violation of the Nuremberg Code, which is part of international criminal law and is under the jurisdiction of the Hague court.”

Additionally, you will note that the issue of 'informed consent' is central to this proceeding . . . a practical impossibility that I address *in the context of widespread media censorship*, on pages 4/5 of 17, and on page 17.

Please do not hesitate to contact me at any time, and, once again, thank for your work at the United States Senate.

Respectfully

Paul V. Sheridan
