Subject 1 : Criminal Prosecution in Your District of the COVID-19 Crime Syndicate
Subject 2 : Criminal Prosecution in Your District of Mr. Anthony Fauci
Reference 1 : State Visit of President Xi Jinping (24 September 2026)
Exhibit 1 : My Letter to Chinese Ambassador Mr. Xie Feng of 14 February 2024
Enclosure 1 : My Letter to President Donald Trump of 30 September 2025
Enclosure 2 : My Letter to Congresswoman Rashida Tlaib of 16 July 2026

Dear US Attorney Pirro :

Nearly every division of the US Department of Justice should be in pursuit of Subjects 1 and 2. The recent Attorney General Todd Blanche memo on the National Fraud Enforcement Division :

*“The Department of Justice’s National Fraud Enforcement Division investigates and prosecutes those who commit fraud against **the American people.**”*

Fraud against the American people? How about the entire world?! The following headline resulted from an illegal Gain-of-Function (GoF) contract, not the zoonotic fairy tale promoted by the culprits of Subjects 1 and 2. **The GoF work at Wuhan was not conducted by Chinese bats :**

On 24 January 2024, Mr. Hans Mahncke of *The Epoch Times* issued a report :

“New FOIA Documents Reveal That 2018 Wuhan Lab Blueprint for Making Virus Perfectly Matches Covid”

Advocates of BigPharma have a new role as Constitutional experts. Their latest ploy is desperate; they unload their Front Man, while diverting world attention to him and Contempt of Congress :

But in the mind of **the American people**, Contempt of Congress is esoteric. In stark contrast, Subjects 1 and 2 can be pursued with evidence *“that is already in the public domain,”* offering immediate far-reaching judicial results; for both **the American people** and global humanity.

Let the COVID-19 criminals, and Mr. Fauci, take-the-fifth in those interrogations.

I am not discouraging your evaluation of the Contempt of Congress referral (by Senate Homeland Security and Governmental Affairs Committee); quite the contrary. But my opinion is tempered by DOJ procedural discipline and legal precedent. These range from 'Title 2, US Code Section 194' to *Wilson v United States* (1966). Entangled throughout is the allegation of political partisanship; by the very same charlatans that coddle COVID-19 criminals (SEE PAGES 6-8 BELOW).

Historically, Mr. Fauci has been in-contempt of any person or institution that did not **genuflect** to his bureaucratic and medical **divinity**. His role as Front Man for BigPharma and the COVID-19 Crime Syndicate is merely the latest of his various **Inquisitions**. Connected to the *lead-up* to the referral, nowhere was his contempt for the American people more evidentiary than his vicious assaults upon anyone that dared to **blaspheme** his farcical Year-2020 headlines :

Regarding the viability of the Senator Rand Paul referral, and the veracity of Subjects 1 and 2, Cornell University professor of chemistry Dr. David Collum summarized Mr. Fauci as follows :

“He’s a pathological liar!”

Reference 1 : State Visit of President Xi Jinping (24 September 2026)

Exhibit 1 : My Letter to Chinese Ambassador Mr. Xie Feng of 14 February 2024

Regarding Reference 1, issues that must be resolved, and partially addressed by your office :

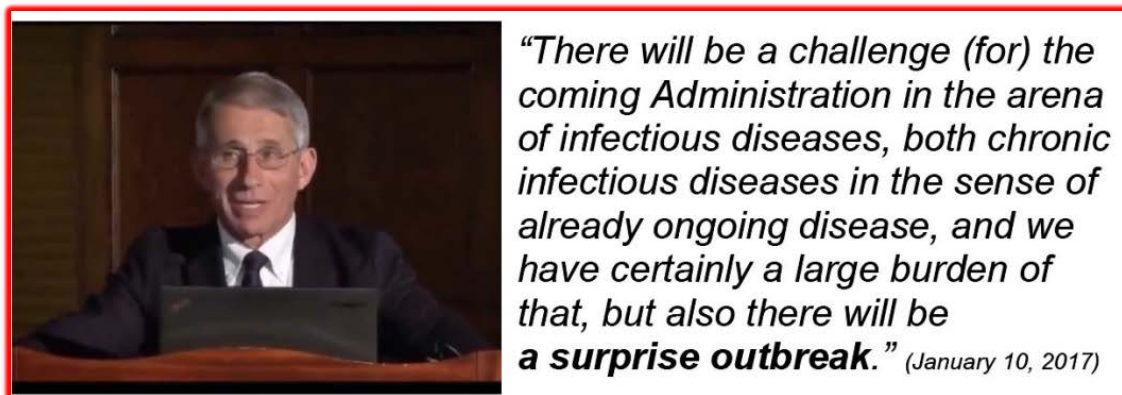

(A) Are we going to let a *“pathological liar”* and his co-criminals jeopardize, in any way, the relationship between the *good* people of China and the *good* people of the United States?

(B) Given the diplomatic tact of claiming the high moral ground, can President Trump continue to coddle the notion that the dimensionalities of Operation Warp Speed were genuine?

Please read Exhibit 1. The Chinese government *did* respond (EXHIBIT 2). President Trump has not formally responded to any of my COVID-19 letters . . . Other than hiring Robert F. Kennedy Jr?

Enclosure 1 : Letter to President Donald Trump of 30 September 2025

My first COVID-19 letter was addressed solely to President Trump, dated 10 April 2020. My first page alerted him of a **pre-inauguration quote by America's pandemic psychic** :

President Trump was ensnared with a fraud that was marketed as Operation Warp Speed. With his **non-re-election** pre-determined (by Deep State criminals that orchestrated COVID-19), he could only muster the following **assessment of the "pathological liar"** :

On 18 September 2020, **I re-wrote** to President Trump :

"You cannot campaign or preside with credibility as the Law & Order president while coddling a criminal in your midst . . . Your '*inherited him*' phrase should **not** be in-reference to a person that resides in one of the most crucial and powerful positions in your Administration. That position should be staffed with **a person openly and enthusiastically praised by you** . . . it should be someone with a reputation for selfless public service to America, a record untainted by the mere possibility of surreptitious agenda; the person should possess an unrivaled and unassailable history of professional conduct and competence." (BOLDING NOT ADDED)

Enclosure 1 : Letter to President Donald Trump of 30 September 2025 *con't*

As Front Man for the COVID-19 Crime Syndicate, the **pandemic psychic**, Mr. Fauci ostensibly confirmed his prior **BigPharma-endorsed role** in the 2020 *non-re-election* of President Trump. The “**pathological liar**” was riding-high during the President AutoPen administration :

Fauci says he will resign if Trump retakes the presidency in 2024

Fauci said ‘no’ when asked if he would stay on as National Institute of Allergies and Infectious Diseases director under Trump again

I am forwarding a complete copy of Enclosure 1. As shown on Page 4, President Trump offered a *very interesting* TruthSocial post on 1 September 2025 . . . I responded as follows :

“There was nothing ‘brilliant’ about Operation Warp Speed. There is nothing ‘great’ about a ‘vaccine’ that is so dangerous that its vested interests must cower behind LIABILITY IMMUNITY.”

The crux of Enclosure 1 . . . on Page 25 I made a simple request :

“Please issue an Executive Order that revokes the LIABILITY IMMUNITY that was granted for the modRNA technology (COVID-19 “vaccine”) ; retroactive to the FDA EUA date of 11 December 2020.”

In contrast, the AutoPen Administration not only failed to terminate the EUA, at the last-minute they extended it . . . **for the implicit secretive purpose of extending LIABILITY IMMUNITY to 2030!**

Enclosure 1 : Letter to President Donald Trump of 30 September 2025 con't

On December 6 2024, HHS Secretary Xavier Becerra declared that the **focus** of their extension was "PREP Act coverage" . . . nothing more than an adolescent diversion :

*"I am now amending section XII of the Declaration to **extend the time period of PREP Act coverage through December 31, 2029**. COVID-19 continues to present a credible risk of a future public health emergency. COVID-19 continues to cause significant serious illness, morbidity, and mortality during outbreaks. The risk of domestic cases is high due to ongoing outbreaks that continue domestically and internationally in the year since the PHE for COVID-19 ended. Development of and stockpiling vaccines, therapeutics, devices, and diagnostics for COVID-19 continues to be needed for U.S. preparedness against the credible threat of a public health emergency due to outbreaks of COVID-19."*

Mr. Becerra has fooled no one . . . extending PREP Act coverage is synonymous with their true motivation : Extension of LIABILITY IMMUNITY. `Done after a secret meeting with a key beneficiary; a BigPharma executive that is central to Subject 1 :

Similar-to the AutoPen pardoning of Mr. Fauci, Secretary Becerra's extension ruse is **further evidence that criminal conduct is intrinsic to COVID-19**. The *ongoing* beneficiaries of LIABILITY IMMUNITY are vested interests: the American Medical Association, the American Hospital Association, BigAcademia . . . **and BigPharma, such as Pfizer CEO Mr. Albert Bourla.**

Enclosure 2 : Letter to Congresswoman Rashida Tlaib of 16 July 2026

On Page 25 of Enclosure 1 I made a request upon President Trump :

“Please issue an Executive Order that revokes the LIABILITY IMMUNITY that was granted for the modRNA technology (COVID-19 “vaccine”) ; retroactive to the FDA EUA date of 11 December 2020.”

My rationale for a presidential EO approach, and now an approach to your office, is partially explained by Enclosure 2. Regarding LIABILITY IMMUNITY, it was the Legislative Branch that failed to serve their constituents, while instead groveling before BigPharma.

On Page 20 of Enclosure 2, I offer a sample of these BigPharma lackeys. Mr. Peters is co-chair of the Senate Homeland Security and Governmental Affairs Committee. While voting *against* the referral, this Michigan senator would have someone believe that he is non-partisan?!

“I just got done meeting with President Biden, talking about how we need to make sure we’re getting more vaccine out as quickly as possible, and getting into more people’s arms. Behind me is the Pfizer manufacturing facility that’s making the Pfizer vaccine that’s gonna get us through this COVID crisis.”

Senator Gary Peters (D-MI) 19 February 2021

Similar to Fauci defense lawyer (Mr. David Schertler), on 29 July 2026 Senator Peters was *thee* focus of a **disruptive partisan coddling of the “pathological liar”; the Cornell University Medical College graduate who “took the fifth, one-hundred-eleven times.”**

Distrust-of and demand-for prosecution of globalist operatives like Mr. Peters is increasing. But, to her credit, Michigan Congresswoman Rashida Tlaib answered one of my face-to-face questions:

There were a couple questions asked during our conversation that I want to follow up on.

Question: Were Congresspeople required to get vaccinated for COVID-19?

Answer: No, there was no vaccine mandate for Members of Congress.

Enclosure 2 : Letter to Congresswoman Rashida Tlaib of 16 July 2026 *con't*

The vile hypocrisy of Senator Peters; boasting about his military service while promoting the trampling of the rights of our men and women in-uniform :

Under treasonous threats of court martial, Senator Gary Peters looked-on while Joe Biden coerced the injection of our military with an EUA *premised*, LIABILITY IMMUNITY *shielded* contraption . . . a modRNA poison that had **never been used on humans before . . . proffered by his \$2,000,000,000.00 *richer* pal, his priority constituent : Pfizer CEO Mr. Albert Bourla.** ¹

During the hype of the so-called COVID-19 pandemic, the Legislative Branch oversaw the brutal violation of human rights of the electorate.

Buried in their PREP Act, it was the Legislative Branch that enacted the criminal conspiracy of LIABILITY IMMUNITY for their high-dollar donor constituent : BigPharma.

The screenshot shows the U.S. Department of Health and Human Services website. The header includes "U.S. Department of Health and Human Services" and "Office of the Assistant Secretary for Preparedness and Response". The main navigation bar has "Preparedness", "Emergency", and "About ASPR". The page title is "Public Health Emergency" with the subtitle "Public Health and Medical Emergency Support for a Nation Prepared". The breadcrumb trail is "PHE Home > Emergency > Events > 2019 Novel Coronavirus > COVID-19 Vaccinators > PREP Act Immunity from Liability for COVID-19 Vaccinators". The main heading is "PREP Act Immunity from Liability for COVID-19 Vaccinators". The text states: "In order to expand the workforce available and authorized to administer COVID-19 vaccines, the Public Readiness and Emergency Preparedness Act (PREP Act) provides immunity to qualified individuals." Below this is a section titled "When Immunity from Liability Applies" which states: "When the Secretary determines that a threat or condition constitutes a present or credible risk of a future public health emergency, the Secretary may issue a PREP Act declaration. The declaration provides immunity from liability (except for willful misconduct) for claims of loss caused by, arising out of, relating to, or resulting from the administration or use of covered countermeasures to diseases, threats and conditions identified in the declaration."

Willful misconduct?! Five years ago (2021) I discussed *thee* underbelly of the COVID-19 Crime Syndicate; the fraudulent secretive operative . . . **also deployed for the first time in history :**

LIABILITY IMMUNITY (for Pfizer)

On Page 1 of Enclosure 1, I offered President Trump my interview quote from 2021 :

“The issue of willful misconduct is more than covered with evidence that is already in the public domain. In my opinion, we are well into criminal conduct. So we have the issue of voiding the LIABILITY IMMUNITY provision; we are way beyond having that voided with evidence that is already in the public domain.”

My second *in-person* question asked of Congresswoman Tlaib on February 18 2025 :

*“Under the Emergency Use Authorization issued for Pfizer, they cannot be sued for injury or death caused by their so-called vaccine because they are shielded by liability immunity. The PREP Act provides for revocation of liability immunity if evidence proves that Pfizer acted with ‘willful misconduct.’ **If you were presented with evidence of willful misconduct during COVID-19, would you support the retroactive revocation of their liability immunity protection?**”*

Are the COVID-19 criminals “Beyond Willful Misconduct”? On Page 12 below, I summarized an answer for Congresswoman Tlaib. But understanding that summary requires context . . .

Enclosure 2 : Letter to Congresswoman Rashida Tlaib of 16 July 2026 *con't*

Bioweapons technology has, in secret, advanced to a point where eradication of mammalian life on the planet is no longer science fiction. It is well-known within military circles that the primary motivation/instigation of the Russian "*Special Military Operation*" was reliable intelligence that **the bioweapons labs in Ukraine were specifically targeting the Russian genome**. The Russians made that allegation *for several years*, and were loudly but falsely vilified for doing so.

During an astute examination by Senator Marco Rubio; the witness, an avowed hater of (Christian) Russia, President Biden's Under Secretary of State Ms. Victoria Nudelman openly admitted to the existence of those CIA funded bioweapons labs :

A key conspirator in the farcical 2014 "*Revolution of Dignity*," the war monger Nudelman; her despicable admission was featured by Tucker Carlson on FoxNews on 22 March 2022 :

Enclosure 2 : Letter to Congresswoman Rashida Tlaib of 16 July 2026 *con't*

Deployment of LIABILITY IMMUNITY also effectively serves to conceal the criminal condominium between bioweapons (military) and immunology/virology (civilian). A not-so-subtle indicator; **it was the DoD that funded the Pfizer modRNA “vaccine” . . . prior to the start of USA trials.**

Let us repeat that . . . the Department of Defense funded the Pfizer modRNA poison **PRIOR** to the start of the USA trials. The transfer of taxpayer dollars was ~ **\$2,000,000,000.00**.

The following is a Pfizer submission in *Jackson vs Pfizer* (RED ARROWS ADDED) :

Case 1:21-cv-00008-MJT Document 37 Filed 04/22/22 Page 23 of 37 PageID #: 1403

V. CHRONOLOGY OF IMPORTANT EVENTS.

The following chart summarizes the key dates and events relevant to the present motion.

DATE	EVENT
3/13/2020	President declares national emergency in response to COVID-19
5/15/2020	Government launches Operation Warp Speed
7/21/2020	DoD finalizes agreement to purchase first 100M doses of Pfizer’s vaccine 
7/27/2020	Pfizer launches “landmark” clinical study of the company’s vaccine 
9/8/2020	Relator begins her 18-day tenure as a Regional Director at Ventavia
9/25/2020	Relator reports concerns to FDA via email; agency acknowledges receipt in writing
11/18/2020	Pfizer announces initial, favorable results of landmark study in individuals 16+
11/20/2020	Pfizer asks FDA to grant EUA for Pfizer’s vaccine in individuals 16+
12/11/2020	FDA grants EUA for Pfizer’s vaccine in individuals ages 16+

Shortly after that transfer, **the pandemic psychic, the “pathological liar,”** Mr. Fauci stood at the Trump White House podium (19 November 2020) and declared that the Pfizer trial results were :

“extraordinarily impressive.”

Pfizer had no intention of starting trials until after the \$2,000,000,000.00 DoD transfer. With taxpayer funds in-hand, **the trials would be “extraordinarily impressive” no matter what the data showed;** only a buffoon contemplates otherwise.

Enclosure 2 : Letter to Congresswoman Rashida Tlaib of 16 July 2026 *conclusion*

“Beyond Willful Misconduct”? Screenshot from Page 31 of Enclosure 2; please read carefully :

A. With traditional vaccine technology (methods that adhered to the **“standard art definition”**) a **prior pre-planned** design specification, and sequence manipulation *at the genetic level*, of pandemic-causing pathogens, **was not feasible**.

B. COVID-19 involved (1) creation of a genetically engineered GoF pathogen that targeted humans which (2) mirrored **an existing capability** to produce a matching gene-sequenced “gene therapy,” their modRNA vaccine. **The COVID-19 GoF pathogen (the “2018 Wuhan Lab Blueprint” precisely specified under the Fauci-funded EcoHealth Alliance contract), was premised upon “a vaccine that scientists have been working on for decades”**

(See Page 1, then Page 13, and then back to Page 4 above).

C. For clarification, in my career as a long-time Engineering Programs Manager (for a Michigan auto manufacturer), I would never release into the stream-of-commerce an engineered product that could not be repaired. If my product required specialized methods or special tools to effect repair, I designed those in-lockstep, and released those as part of my engineering program. This is well-known engineering practice; there is nothing sinister about it . . . I never released a product that could not be fixed. But, in regard to COVID-19, please review Page 12 above :

“The COVID-19 ‘vaccine’ was not created in response to the SARS-CoV-2 virus, but the exact opposite.”

The **“2018 Wuhan Lab Blueprint”** (2019nCoV), re-labeled and re-branded as SARS-CoV-2, was a pre-planned engineered product, with genetic design that was confined to **“a vaccine that scientists have been working on for decades”** (Page 4 above).

My cordial interaction with Congresswoman Tlaib is detailed on Pages 20 - 21 of Enclosure 2. Her staff has confirmed receipt of Enclosure 2. No response to-date.

While Mrs. Nache endured amputation of both legs, her left hand, and fingers of her right hand (resulting from injection of Pfizer poison), **DC Mayor Muriel Bowser and BigPharma sales rep Mr. Fauci went on a door-to-door misinformation crime spree that targeted black people.**

² My recent letters to Senator Ron Johnson, attached as Exhibits 4 and 5, will introduce you to Mrs. Nache.

Willful Misconduct on the Streets of the District of Columbia (DC)

The willful misconduct against global humanity, committed by the COVID-19 Crime Syndicate, also *notoriously* occurred on the streets of DC . . . a jurisdiction that is now in your charge.

In no uncertain terms, those DC crimes encouraged *more* victimization by the Pfizer modRNA poison . . . **with forceful coercive threats specifically deployed upon black people.**

WASHINGTON, DC
MURIEL BOWSER, MAYOR

DR. ANTHONY S. FAUCI DAY
 DECEMBER 24, 2020

WHEREAS, Anthony S. Fauci, M.D. has served as the Director of the National Institute of Allergy and Infectious Diseases since 1984; and

WHEREAS, the nation's top infectious-disease expert, Dr. Fauci has worked to promote public health and spearheaded efforts to prevent, diagnose, and treat established infectious diseases; and

WHEREAS, Dr. Fauci has advised six Presidents on HIV/AIDS and many other domestic and global health issues; and

WHEREAS, Dr. Fauci has been a leading voice as a member of the White House Coronavirus Task Force where he has helped to coordinate the nation's response to the COVID-19 pandemic; and

WHEREAS, Dr. Fauci has been a shining light in dark times for the nation, promoting truth over fear and giving Americans hope in their government; and

WHEREAS, Dr. Fauci and his wife Christine are longtime residents of Washington, DC, having called the Wesley Heights neighborhood in Ward 3 their home since 1977; and

WHEREAS, Dr. Fauci is a die-hard Washington Nationals fan and threw the inaugural ceremonial first pitch of the 2020 Major League Baseball season at Nationals Park; and

WHEREAS, Dr. Fauci will continue his critical service to the nation during these difficult times as a chief medical advisor in the incoming Biden Administration:

NOW, THEREFORE, I, THE MAYOR OF WASHINGTON, DC, do hereby proclaim December 24, 2020 as **DR. ANTHONY S. FAUCI DAY** in Washington, DC, and encourage all Washingtonians to join me in wishing him the happiest of birthdays.

Willful Misconduct on the Streets of the District of Columbia (DC) *con't*

While ignoring face masks, social distancing, and other pseudo-science . . . in June 2021 **DC Mayor Muriel Bowser** and NIAID Director Mr. Anthony Fauci embarked on a taxpayer-funded in-your-face harassment melee *“to battle vaccine hesitancy.”* **A lie and a fraud on its face!**

Dr. Fauci visits D.C. to battle vaccine hesistancy

On Page 1 of Enclosure 2, you find an insider quote from Bayer CEO Dr. Stefan Oelrich; explaining why they **had to lie to the entire globe** about “the leap” :

*“To tackle issues beyond COVID-19, we’ve seen vaccines as the perfect example. We are taking **the leap** in selling gene therapy. Ultimately the mRNA vaccines are an example for that. I always like to say if we had taken a survey two years ago, in the public, ‘Would you be willing to take **gene or cell therapy**; and get it injected into your body?’ We would have probably had **a ninety-five percent refusal rate!**”*

In other words, it was well-known that the Pfizer modRNA needle was **NOT** a vaccine. Therefore, in the context of COVID-19, their term “vaccine hesitancy” is a just *another* slander-based coercive fraud.

Willful Misconduct on the Streets of the District of Columbia (DC) *con't*

Filmed in June 2021, these are screenshots from the PBS American Masters series, which aired in March 2023. In the next scene, Mr. Fauci is being fact-checked by a DC resident. Although the resident does not specify, he was emphatic about the absurdities of Operation Warp Speed, which was erroneously and is still lauded by President Trump for its . . . warp speed.

When pummeled about the scary quickness of COVID-19 needle deployment, Mr. Science, the pandemic psychic reveled with authority! **But in doing so, the hapless Fauci confirmed thee implicit fraud of the entire COVID-19 Crime Syndicate; a fraud I alleged in mid 2020 :**

“The COVID-19 ‘vaccine’ was not created in response to the SARS-CoV-2 virus, but the exact opposite.”

FLASHBACK: Fauci and Mayor Bowser go door-to-door to push vaccine, residents ask key questions

Dr. Anthony Fauci and Washington, DC Mayor Muriel Bowser visited Anacostia neighborhood in 2021 to “battle vaccine hesitancy” and get the boot from residents....

Resident : “So I’m not gonna be lining up, taking a shot on a vaccination for something that wasn’t clear in the first place. And then you all create a shot in miraculous time. It takes years to create vaccination . . .” (MR. SCIENCE CUTS HIM OFF)

Mr. Science : “Well, it used to take years. Do you know how many years were invested in this approach? About twenty years of science to get us to be able to do . . .”

Invested? Approach? See Dr. Oelrich “gene therapy” quote, Page 15 above.

Twenty years? See BigAcademia “for decades” explanation, Page 17 below.

Willful Misconduct on the Streets of the District of Columbia (DC) *con't*

Twenty years? On Page 4 of Enclosure 2; the following 2021 explanation from BigAcademia :

Attempting to quash concern, Professor Cynthia Leifer fulfilled her campus role as a modRNA sales rep. In April 2021, she hurriedly hosted modRNA "vaccine" infomercials :

Cornell Experts Answer Questions About the COVID-19 Vaccine

"What you need to know is that scientists have been working on these coronavirus vaccines for decades. We learned a lot about coronaviruses from our experience with SARS. And so we used that information to make these vaccines as well."

For three full days (8, 9, 10 September 2026), **victims of the "approach"** testified before the Canadian Parliament. Senator Ron Johnson (R-WS) testified about the COVID-19 criminals :

"We're gonna use this mRNA platform. We're gonna call it something else". September 20 2021; the decision of the CDC, and Merriam-Webster. That's how powerful these people are. **You get people to change the definition of the word vaccine in the dictionary!?"**

INTERMISSION

We conclude discussion of the Bowser / Fauci campaign on “*vaccine hesitancy*” on Page 19 below. But first, additional perspective **on the vileness** of the COVID-19 Crime Syndicate.

My letter of 27 October 2022 was received by *all* Ivy League presidents and their Law School deans. The Subject of that letter : ³

Subject : Enactment of the COVID-19 “Pandemic” Ivy League Criminal Participations in Denial of Religious Exemptions; Lockdowns, Social Distancing, Face Mask and mRNA Mandates; Deliberate Spreading of Blatant Disinformation that mRNA Needle Obviated Transmissibility

The final verbiage of that 27 October 2022 subject is key :

Deliberate Spreading of Blatant Disinformation that mRNA Needle Obviated Transmissibility

Transmissibility? Promoted **on a global scale** by the COVID-19 Crime Syndicate : Injection by the modRNA poison would end the face mask mandates, end social distancing, end the horror of lockdowns inflicted upon our school children. **Injection would end, what Cornell University administrators openly coded as, the “New Normal.”**

That coercive BigPharma enrichment scheme was not a mistake :

IT WAS ALL A LIE !

My 27 October 2022 letter to the Ivy League included a Reference 3 :

Reference 3 : **Further Subject Confirmation** – European Parliament Special Committee on the COVID-19 Pandemic, Sworn Testimony of Pfizer Marketing Executive Ms. Janine Small under Examination by Parliamentarian Mr. Rob Roos – 10 October 2022

Reference 3 is detailed on EXHIBIT 6. Please review those pictographic pages ; a two minute read.

Review of Exhibit 6 will provide background on the fraud that comprised the COVID-19 Crime Syndicate; and Mr. Anthony Fauci during his joint crime spree with Mayor Muriel Bowser in *your* District of Columbia.

Willful Misconduct on the Streets of the District of Columbia *conclusion*

With Mr. Fauci at her side, Mayor Bowser raised her voice, changed to a vicious condescending tone, and shoved a vindictive finger into the face of a young black man; **as she proclaimed her DEEP IGNORANCE AND HER WILLINGNESS TO SPREAD BLATANT MISINFORMATION :**

“The only reason I’m talking to you right now, as close as we are, is that I’ve been vaccinated. But if it allow thousands of people like you don’t get vaccinated, you’re gonna let this virus continue to percolate in this country and in this world.” <sic>

The culprits of Subjects 1 and 2 admit that their most viciously promoted fairy tale for ending face masks, social distancing, lock-downs, and reopening our K – 12 schools; was mass “vaccination.”

The “*pathological liar*” was interviewed by FoxNews on 23 August 2022 :

Neil Cavuto : Do you regret, particularly the last one, the shutdown, the sweeping shutdown that some said made things worse?

Anthony Fauci : No I don’t, Neil. In fact, I think we need to make sure that your listeners understand, I didn’t shut down anything!

It is imperative that you review Exhibit 6; Fauci was fully aware of its portent.

In no uncertain terms, the DC based crimes discussed above encouraged that *more* be victimized by the COVID-19 Crime Syndicate and their modRNA poison. (Please review Page 13 above, and the exhibits of its Footnote 2).

Department(s) of Justice Investigatory / Prosecutorial Error that *must* be Avoided

Pages 22 – 25 of Enclosure 2 discuss an advisory :

Critical Congressional Investigatory Error that *must* be Avoided

“A (Senatorial / Congressional) search for justice that is focused solely upon Mr. Fauci, at the exclusion of BigPharma and other COVID-19 criminals (such as BigAcademia), will be catastrophic; a long-term disaster for both American and global society.”

On 29 July 2026, Mr. Fauci *took the fifth one-hundred-eleven times*. The ploy of Constitutional “experts” is to confine discussion to a lie; that Mr. Fauci seeks to protect himself, himself solely, from future criminal prosecutions . . . In truth, the entire COVID-19 Crime Syndicate was watching:

Avoiding evidentiary *betrayal* of the COVID-19 Crime Syndicate was the true priority; the obvious and deadly reality behind the Fauci farce of 29 July 2026 at the Senate.

Fauci taking-the-fifth was pre-emptive. The AutoPen “pardon” was pre-emptive. Enactment of LIABILITY IMMUNITY for BigPharma was *also* pre-emptive! When does this nonsense end? Further perspective on this criminal charade must include Operation Warp Speed.

President Trump Awards Presidential Commendations to Operation Warp Speed Team

— HEALTHCARE | Issued on: January 19, 2021

On 19 January 2021, President Trump gave commendations to fifty-two people that he claimed were representative of the charade Operation Warp Speed. A few sample recipients :

Mr. Anthony Fauci : The “**pathological liar**,” the **pandemic psychic**, the treasonous BigPharma cohort that is so dirty that he received a preemptive President AutoPen “pardon,” and was compelled to preserve his life by taking-the-fifth one-hundred-eleven times.

General Mark Miley : A thug from the DoD; the group that gave \$2,000,000,000.00 to Pfizer **prior** to their “vaccine” trials; the backstabber who committed treason with the Chinese communists **during** the COVID-19 “pandemic,” who *also* received a pre-emptive President AutoPen “pardon.”

Department(s) of Justice Investigatory / Prosecutorial Error that *must* be Avoided *con't*

Two additional commendations that are also representative-of and embedded-in
Operation Warp Speed : **Dr. Deborah Birx** and **Dr. Janet Woodcock**.

On 25 March 2025, I wrote to Missouri Attorney General Andrew Bailey. The subject :
Revocation of Medical Degree of Mr. Anthony Fauci. A screenshot from its Page 6 :

Were those Pfizer trials “*extraordinarily impressive*”? Or was the Fauci gala at the White House provably false? Were those falsehoods known? The truth about the modRNA “vaccine” was later revealed :

The Pfizer modRNA technology was not “safe & effective.” Its true status was “hope.”
White House Coronavirus Task Force coordinator Dr. Deborah Birx :

Dr. Deborah Birx, former White House Coronavirus Coordinator, sworn testimony before the House Select Subcommittee on the Coronavirus Crisis, 23 June 2022:

Question: Dr. Birx, can vaccinated people get COVID?

Answer: Yes.

Question: Have vaccinated people been hospitalized with COVID?

Answer: Yes.

Question: When the government told us that the vaccinated could not transmit the disease, was that a lie or was that a guess?

Answer: **I think it was hope that the vaccine would work in that way.**

Hope?!? That dire status, at the specific modRNA technological level, is well-known and ongoing . . . hence the urgent last minute extension of the EUA.

At no time during Operation Warp Speed, as White House Coronavirus Task Force Coordinator, did Ms. Birx disclose **“hope”** as the true status of the **\$2,000,000,000.00** Pfizer needles.

Leading up to the Emergency Use Authorization (EUA) of 11 December 2020 (in behalf of Pfizer), **Ms. Birx continuously and enthusiastically regurgitated the Fauci/Bourla lie :**

“95% safe & effective”

(PLEASE SEE EXHIBITS 7 AND 8)

Department(s) of Justice Investigatory / Prosecutorial Error that *must* be Avoided *con't*

Mr. Bailey is now Co-Deputy Director of the FBI, and is aggressively pursuing **convicted** criminals that were set loose by a President AutoPen pardon.

Unlike Mr. Fauci, who had not yet been charged or convicted, whose AutoPen “pardon” was pre-emptive (i.e Nixon-ish); the thugs featured in the Bailey press conference of 26 June 2026, who had already been convicted, committed horrific **repeat** crimes against our society.

Co-Deputy Director Andrew Bailey: Autopen 'Set Loose a Violent Offender'

AutoPen accountability?

We continue this section with review of *another* presidential commendation recipient, who is *also* representative of the charade Operation Warp Speed :

Dr. Janet Woodcock, former Acting Commissioner of Food and Drugs.

Department(s) of Justice Investigatory / Prosecutorial Error that *must* be Avoided *conclusion*

Illegally withheld, the email by **Dr. Janet “Horse Paste” Woodcock** was sent to key members of the COVID-19 Crime Syndicate : Mr. Francis Collins (NIH) and Mr. Anthony Fauci (NIAID).

From: Woodcock, Janet [REDACTED]
Sent: Thursday, May 27, 2021 8:51 AM
To: Collins, Francis (NIH/OD) [E] [REDACTED]; Fauci, Anthony (NIH/NIAID) [E] [REDACTED]
Subject: Vaccine adverse events

I have been contacted by a number of people who have experienced adverse events post COVID-19 vaccination (from all three of the current vaccines). Many are healthcare professionals, some of whom I know. The symptoms do not fit together into a distinctive syndrome and most are not easily quantifiable or evaluated with standard laboratory testing. Clearly during mass vaccination you will get a lot of psychological reactions and it is hard to sort these things out. But the peoples' main complaint is that no one takes them seriously, no one knows how to treat them, and there is no effort to study this. These problems are not the sort that a system like VAERS would be able to detect, or even a more sophisticated population-based active followup such as CDC has, or a medical record based system such as BEST.

I think it would be worthwhile to do a study and evaluate a cohort of these individuals. But of course \$\$ need to be made available, and you would need an investigator who is interested in “medical mysteries”. I doubt the industry would support, for obvious reasons. But my experience is, that if you let a problem fester, then it will come back to bite you later and you are not prepared.

What do you think of this? jw

This 27 May 2021 email from Dr. Woodcock points directly to criminal concealment :

1. By then, University of Minnesota Medical Assistant Mrs. Jummai Nache, coerced under threat of dismissal, had already been injected with the Pfizer poison. ⁴
2. I can assure Ms. Horse Paste that the horror that Mrs. Nache endured/survived was not a matter of “*psychological reactions,*” or the result of “*medical mysteries.*”
3. At no time did she withdraw her stupid comments that Ivermectin was “*horse paste.*” ⁵

Similar to a Congressional search for COVID-19 justice, Department(s) of Justice investigations that are focused solely upon Mr. Anthony Fauci, at the exclusion of BigPharma and other COVID-19 criminals (such as BigMedical, BigHospital and BigAcademia), will be catastrophic; a long-term disaster for both American and global society. This prosecutorial error must be avoided by the DOJ.

⁴ My recent letters to Senator Ron Johnson, EXHIBITS 4 AND 5, will further introduce you to Mrs. Nache.

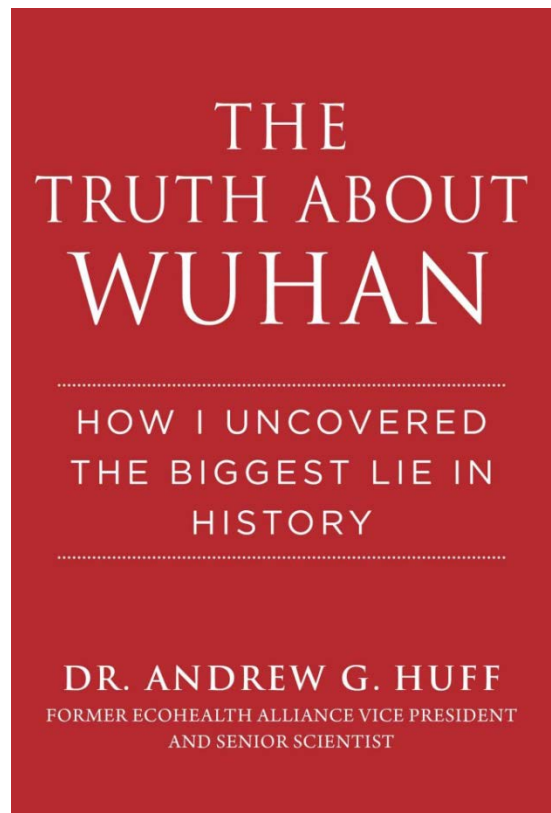

⁵ Ivermectin has never slithered behind LIABILITY IMMUNITY.

State Visit of President Xi Jinping (24 September 2026)

The media of all levels and varieties is characterizing this meeting, between President Trump and China President Xi, as comprising **“unfinished business.”**

And yet none of these media truth-seekers has queried about the elephant-in-the-room :

State Visit of President Xi Jinping (24 September 2026) *conclusion*

As discussed on Page 20 above: On 29 July 2026 Mr. Fauci took-the-fifth. But it would be naïve (to the point of abject stupidity) to presume that their motivation was to protect only Fauci. Connecting Page 20 to this discussion :

Protecting the COVID-19 Crime Syndicate was *thee* priority behind Fauci taking-the-fifth at the US Senate. But a key participant in the COVID-19 crimes; *another* group that they were compelled to protect was the Wuhan Laboratory in China.

COVID-19 is just a recent example; this type of inveracity is not-new to the “**pathological liar**.”

Exhibit 1 was received at the China Embassy on 16 February 2024. It is my understanding that it was forwarded to the mainland; hence their coy response, offered as Exhibit 2 (30 April 2025). ⁶

In Exhibit 1, I admonish President Trump for his use of a diversionary term : “The China Virus.” In truth, 2019-nCov (later marketed as SARS-CoV-2) was the result of contract fulfillment. Hence my suggestion of a more correct term :

The Fauci Virus

A Grotesquery of Presidential Pardons that MUST be Eliminated

REGARDING THE LAST SENTENCE OF PAGE 25 ABOVE : Page 3 of Enclosure 2 displays the most grotesque document in the history of our Constitutional Republic. When I review the AutoPen pardon with lay people, they are utterly **flabbergasted** with the following betrayal :

The presidential pardon shields traitors. That is, the pardon even shields the monstrous crime of treason!

This makes the President AutoPen pardon of Mr. Anthony Fauci (and his Pfizer-funding Department of Defense cohort, General Mark Miley) that much more ominous; repulsive.

On June 18 2025, former DOJ Assistant Attorney General, Mr. Theodore Wold testified before the Senate Judiciary Committee, quote :

*"In June 2022 the Biden White House began deploying the autopen to sign clemency warrants and executive orders. Autopen use skyrocketed from there. We found that of the 51 clemency warrants issued during the Biden presidency, over half, 32 in total, were signed with an autopen. And these include some of the most controversial acts of clemency of the Biden presidency including death row commutations, and the preemptive pardons of members of the Biden family, **Dr. Anthony Fauci, General Mark Millie** and more that were issued in the final days of the Biden presidency. We reviewed President Biden's schedule and his publicly available media and were unable to find any record of President Biden's personally approving these actions such as a statement issued by the president himself."*

A Grotesquery of Presidential Pardons that **MUST** be Eliminated

Con't

The following repulsive montage of Biden Administration clowns might explain why you and US Attorney General Pam Bondi *"could not build a criminal case"* for the AutoPen scandal :

After that Biden staff clown show, President Trump ostensibly capitulated (29 July 2026) :

"The most powerful thing a president has, they say, is the power of pardon. So he (Fauci) was pardoned by Biden, and I respect that. I know how powerful it is. They say it's literally the most powerful thing a president has."

He respects what?! Evidence is accumulating every day that the COVID-19 Crime Syndicate, with Fauci as their front-man, **committed treason** while collectively colluding with, or at the very least benefiting from **Gain of Function** research that occurred **"in China somewhere."** ⁷

⁷ Page 14 of Enclosure 2; with Mr. Fauci seated at his side, quote from former HHS Director Dr. Rick Bright during a 31 October 2019 modRNA promo in New York :

"There might be a need, or even an urgent call for an entity of excitement out there, that's completely disruptive, that's not beholden to bureaucratic strings and processes...But it is not too crazy to think that an outbreak of a novel avian virus could occur in China somewhere . . ."

Please review the January 2017 pre-inauguration quote from America's pandemic psychic, Page 3 above.

Fauci Funded Wuhan Lab Research That Sparked COVID *New Evidence Fauci Manipulated Intelligence and Lied to Congress*

WASHINGTON D.C. — Before the COVID-19 pandemic, Anthony Fauci, as head of the National Institute of Allergy and Infectious Diseases (NIAID), provided millions in US taxpayer dollars to fund dangerous gain-of-function research on bat coronaviruses at the Wuhan Institute of Virology (WIV)—work which is now widely viewed as the source of the unintentional lab leak that sparked the pandemic.

Today, Director of National Intelligence Tulsi Gabbard is releasing never-before-seen communications and documents exposing how Fauci worked with politicized career leadership in the Intelligence Community (IC) to suppress the truth about his actions, the virus' lab-leak origins, and his role in directing U.S. funding for this dangerous research that caused immeasurable harm and countless lost lives. These documents expose Fauci's direct role in influencing and manipulating IC assessments on COVID-19, and how Fauci lied to Congress in 2024, when under oath he denied knowledge of or participation in discussions with intelligence officials about viral research.

Page 3 of Enclosure 2 displays the most grotesque document in the history of our Constitutional Republic. It claims validity from 1 January 2014 through 19 January 2025.

The following cannot be over-emphasized :

- (1) The President AutoPen pardon of Mr. Fauci was **NOT solely for Mr. Fauci.**
- (2) Fauci taking-the-fifth on 29 July 2026 was **NOT solely for Mr. Fauci.**⁸

The date of (2) is key ; it occurred outside of the alleged coverage of the AutoPen pardon.

As stated on Page 25 above :

Protecting the COVID-19 Crime Syndicate was *thee* priority behind Fauci taking-the-fifth at the US Senate. But a key participant in the COVID-19 crimes; *another* group that they were compelled to protect was staff at the Wuhan Laboratory in China.

⁸ It would be similar to believing that LIABILITY IMMUNITY was enacted solely for BigPharma. Tell that to BigMedical and BigHospital and BigAcademia and BigGovernment and BigMedia and . . .

conclusion

18 USC Chapter 115, Section 2381 – Treason

“Whoever, owing allegiance to the United States, levies war against them or adheres to their enemies, giving them aid and comfort within the United States or elsewhere is guilty of treason . . .”

The 29 July 2026 hearing of the Senate Homeland Security and Governmental Affairs Committee was focused on testimony on the origins of 2019-nCov (marketed as SARS-CoV-2). Clearly, individuals at the Wuhan Laboratory and those in their command structure that were engaged in GoF / 2019-nCov activities should be viewed as enemies of the American people. ⁹

Mr. Fauci was compelled to “give aid and comfort” to his comrades at high levels of the People’s Republic of China; the Chinese Communist Party (CCP). ¹⁰

*“It’s a revelation, about what somebody, who most people in this country thought was a good man, that they worshiped and they trusted; and he turns out to be one of the most evil people on the planet, **and at the heart of that evilness was his cooperation with the CCP.**”*

Why Fauci MUST Rot in Prison

SECTION CONCLUSION

There is no logical or legally defensible or relevant connection between the genesis of a presidential pardon borne at the close of the American Civil War (President Andrew Jackson); and the recent acts of treason committed by the COVID-19 Crime Syndicate, with Mr. Anthony Fauci as its Front Man.

The notion that the President AutoPen pardon shields the traitors of COVID-19 is absurd, it is utterly repulsive to American Patriots; and must be eliminated.

⁹ A strict legalistic distinction is being made versus Item (A), Page 2 above.

Criminal Prosecution in Your District of the COVID-19 Crime Syndicate

Criminal Prosecution in Your District of Mr. Anthony Fauci

On Page 1 above I stated that nearly every division of the US Department of Justice should be in pursuit of Subjects 1 and 2. On 5 August 2026, Florida Attorney General James Uthmeier announced that his office, and the AG offices of Louisiana and West Virginia, had issued a subpoena upon Mr. Anthony Fauci regarding the peripheral issue of “potential self-dealing.”

On Page 24 of Enclosure 1, I stated to President Trump:

“I am not requesting that you issue a Presidential Executive Order that overturns the PREP Act . . . I am requesting an EO that enforces it.”

On Page 25, I made a formal request:

“Please issue an Executive Order that revokes the LIABILITY IMMUNITY that was granted for the modRNA technology (COVID-19 “vaccine”) ; retroactive to the FDA EUA date of 11 December 2020.”

On Page 8 above you will note that “willful misconduct” is what the PREP Act law states as the minimum needed for revocation of LIABILITY IMMUNITY. Page 5 confirms that thee underbelly of the entire COVID-19 crime spree is LIABILITY IMMUNITY. On Page 23 above I reiterated :

“Similar to a Congressional search for COVID-19 justice, Department(s) of Justice investigations that are focused solely upon Mr. Anthony Fauci, at the exclusion of BigPharma and other COVID-19 criminals (such as BigMedical, BigHospital and BigAcademia), will be catastrophic; a long-term disaster for both American and global society. This prosecutorial error must be avoided by the DOJ.”

Pfizer as a key member of the COVID-19 Crime Syndicate? Willful misconduct? I conclude with a request : Please go to Exhibit 7 and inculcate with its **criminal** implications . . . on a global scale.

Please contact me at any time. Thanking you and your staff in-advance, I remain,

Respectfully yours,

Paul V. Sheridan

UPDATED SEPTEMBER 17, 2021 • 11:18 AM ET

Feigning / alleging remorse, the above staging is from the farcical 2022 Cornell University documentary : **Fauci!** In this BigPharma modRNA promo, the witness, that took-the-fifth over one-hundred times at the Senate hearing of 29 July 2026, asserted :

“I am the bad guy to an entire subset of people, because I represent something that is uncomfortable for them. It’s called the truth.”

The truth? As a reminder, please read Page 3 of Exhibit 1.
