“The China Virus” – Ongoing Deception that the Wuhan Laboratory of Virology was **solely** responsible for SARS-CoV-2 can no longer be legally or diplomatically tolerated

Dear Ambassador Feng :

On 6 December 2023 former candidate Mr. Vivek Ramaswamy participated in a presidential debate. Mr. Ramaswamy is a successful drug maker entrepreneur. Despite the potential for bias, he responded to a question on vaccine **LIABILITY IMMUNITY** with great integrity :

*“Well, this question, specifically on **liability**, goes back to actually Reagan, and Reagan is a president who I admire; many of us do. I think that reviving that spirit is in many ways going to be good for this country in so many ways. But one of the areas where he erred was this special form of lobbying, to say that one kind of manufacturer, a vaccine manufacturer, cannot be sued for their product liability. So I **pledge** as part of my legislative agenda, we will repeal that.”*

*In stark contrast . . . At no time, during his Operation Warp Speed, did President Donald Trump fully inform the American taxpayer about **LIABILITY IMMUNITY**. At no time since the fraudulent 2020 presidential election, has Mr. Trump rescinded his support for **LIABILITY IMMUNITY**. At no time during his 2024 presidential campaign has candidate Mr. Trump made a pledge of similar integrity to that made by Mr. Ramaswamy above.*

But . . . relating to the Subject . . . the proof is now overwhelming that SARS-CoV-2 did **NOT** emerge from “*zoonotic transfer from wild animals, most likely (Chinese) bats.*” That claim was made by multiple vested interests worldwide. The coronavirus, that allegedly caused the COVID-19 pandemic, was created under a Gain-of-Function (GoF) contract, that was laundered during the Trump Administration. The Executive Branch subordinate that was involved with that GoF contract was Dr. Anthony Fauci. Despite these and many facts that are known to him, Mr. Trump continues to promote the deflection phrase :

“The China Virus”

PURPOSE

“The China Virus”

This phrase, this adolescent diversion can no longer be dismissed or ignored as mere political hype. The implication, the accusation that the Wuhan Laboratory of Virology was/is **solely** responsible for creation of SARS-Cov-2, and the global pandemic it allegedly caused, can no longer be legally or diplomatically tolerated. The consequences of allowing COVID-19 related half-truths or outright lies to persist between two great nations, and the world at-large, are dire.

The purpose of this letter is a formal request for your assistance with both documentary and testimonial confirmations regarding the laboratory origins of SARS-CoV-2, but specifically the reality that this “coronavirus” was the result of a GoF research & development contract which was sourced directly or indirectly to the secretive criminal actions of former high visibility personnel of the Trump Administration.

The good people of the United States of America, and the good people of the People’s Republic of China deserve no less.

RECENT CONGRESSIONAL TESTIMONY OF DR. ANTHONY FAUCI (8 January 2024)

“The China Virus”

EXHIBIT 1 contains my essay entitled :

Review of the COVID-19 Crime Syndicate

The COVID-19 “vaccine” was not created in response to the SARS-CoV-2 virus, but the exact opposite

EXHIBIT 1 discusses the 8/9 January 2024 hearing of the *House Select Committee on the Coronavirus Pandemic*. The Committee obtained the testimony of **Dr. Anthony Fauci**. Congresswoman Marjorie Greene summarized as follows :

“I think what has taken-me-back is the fact that Dr. Fauci fully believed in creating or enhancing viruses using the Gain of Function (GoF) research or that capability in order to create vaccines.

And this is a shocking thing to think about; the average person or most doctors practicing, you know, every day in their doctor’s offices, are blown away with the fact that he would create or enhance a virus in order to create a vaccine to fight it, because the risk is so high.

And what is shocking to me is that back in 2012 he actually wrote a paper about it, and wrote about a scenario that a pandemic could get released upon the world, and he spelled that out in his article. And in the article he says that it is worth the risk. But it’s not worth the risk, because millions of people died. Millions of people lost loved ones.

And actually this is more of an evil version of science, it is like a Dr. Frankenstein of science, that American taxpayers would never want their tax dollars used for. The clarity that I heard him talk about, that we were asking him about this specific article is that he knew the risks. And that is clear. Not only did he write about it in 2012, but we were talking about it in there.

And I think I can speak for many Americans, when I can say ‘absolutely’ that he belongs in jail for that.”

“ADMISSION” OF CORNELL GRADUATE DR. ANTHONY FAUCI (6 October 2020)

EXHIBIT 1, PAGE 14 OF 19, contains a quote from **Dr. Anthony Fauci** during a gala event at our alma mater, Cornell University, on 6 October 2020 :

“What keeps you up at night?”

“Ya know, what used to keep me up at night, is what I am doing now!

Ya know it’s an interesting question Kate. I get asked years ago. Multiple times. ‘What is you’re worst nightmare?’ ‘What keeps you up at night?’ Well, I always say, that would be a brand new disease, that jumps species, from an animal to a human reservoir, that’s respiratory spread, that has two conflating characteristics. One, it’s spectacularly efficient in its spread from human to human. And two, it has the capability of a high degree of morbidity and mortality, either in the general population or among a subset of group. And sure enough, here we are, in 2020, and we have my perfect nightmare. Namely, a pandemic that’s already killed a million people worldwide, and is still raging throughout the world.

So, what keeps me up at night is acting out the things that kept me up at night, theoretically, is now keeping me up at night practically.”

EXHIBIT 1, PAGE 2 OF 19, reviews the following report of 24 January 2024 :

On 24 January 2024, Mr. Hans Mahncke of *The Epoch Times* issued a report :

**“New FOIA Documents Reveal That 2018 Wuhan Lab Blueprint
for Making Virus Perfectly Matches Covid”**

For those familiar with the false-hero Dr. Anthony Fauci, his *“perfect nightmare,”* promoted to Cornell University coeds in 2020, was merely revised wording for his previous *“surprise outbreak”* announcement of 10 January 2017. (PLEASE SEE PAGE 37 OF 45 OF EXHIBIT 4)

INTERMISSION

LIABILITY IMMUNITY DENIED IN INDIA

EXHIBIT 3 introduces a criminal beneficiary of the COVID-19 “vaccine.” That benefit was based on: (1) the fraud that the “vaccine” was created under Operation Warp Speed; and (2) the coincident fraud that the modRNA needles were in response to **“The China Virus”** . . . rather than the exact opposite (PLEASE SEE EXHIBIT 1).

That criminal beneficiary is a colleague to Cornell University administrator Ms. Martha Pollack, and a close collaborator with Dr. Anthony Fauci. I have posed a question to them many times :

Does anyone actually believe that Mr. Albert Bourla would have sold his mRNA needles into a market wherein he and Pfizer were not protected by liability immunity ?!

Why India did not allow Pfizer's Covid-19 vaccine

By Anu Lall - January 23, 2023

Pfizer never came to India. Pfizer applied for clearance for its vaccine in 2020. Indian regulators demanded a local safety and immunogenicity study. Such bridging studies are the common world over.

All other foreign vaccine makers had conducted similar studies in India. But Pfizer refused to do a local trial. In addition, Pfizer wanted legal immunity and protection against injury, which India refused. The USA provides legal immunity to vaccine manufacturers. India does not have any such law, and we did not change our laws for Pfizer.

Pfizer shareholders and vested interests of the Ivy League are content and in-truth are also complicit with the criminal ruse that ex-President Trump deflects as **“The China Virus.”**

WELL-KNOWN PHRASE “MADE IN CHINA” AS SIMPLISTIC REBUTTAL

This REBUTTAL involves a paradox that confronts the purveyors of the instant Subject with obvious hypocrisy. The following well-known facts present a rebuttal that is unassailable.

Many world famous brands, that are promoted as American brands, originating from American companies, involve products that are known to be manufactured in China. This well-known arrangement includes detailed product design and subsequent contractual obligations to produce those products per specification. Several commercial examples follow; a highly thrifed sampling :

- (i) Apple Inc. ended all United States based manufacturing of its world-famous iPhone in 2004. Although iPhone components originate in several nations (such as Taiwan), an increasing share of its manufacture is in the great nation of China. To the best of my knowledge, Mr. Donald Trump has never referred to the iPhone as:

The China Phone ?

- (ii) Some of the most famous movie stars and athletes from many nations are featured in the advertisements of Nike foot wear; a brand world-renown as American. Awareness that Nike manufactures a large portion in China increased dramatically during discussions about the assembly sites where many Uyghur peoples are employed. Despite these facts, to the best of my knowledge, Mr. Donald Trump has never referred to Nike foot wear as :

The China Sneaker ?

(iii)

The China Jeans ?

WELL-KNOWN PHRASE “MADE IN CHINA” AS SIMPLISTIC REBUTTAL

- (iv) In the hearing of 8/9 January 2024 (PLEASE SEE PAGE 3 ABOVE), Dr. Anthony Fauci was questioned about his knowledge-of and associations-with Dr. Peter Daszak of EcoHealth Alliance; a company located in New York, within walking distance of Pfizer headquarters. Dr. Fauci testified that he did not know Dr. Daszak, and that he had never met him :

In view of these many facts, 2024 candidate Mr. Trump needs to re-label SARS-CoV-2 as :

The Fauci Virus

- (v) On 18 September 2020, I wrote to President Trump regarding his campaign platform :

The “Law & Order” Presidential Candidacy of Donald J. Trump

My first sentence was directed at his crucial administrative failure not to dismiss Dr. Fauci :

“You cannot campaign or preside with credibility as the Law & Order president while coddling a criminal in your mist; in your inner circle.”

I wrote that in 2020 in-anticipation of the *many* recent FOIA releases; see overleaf (arrow added):

Hi Tony,

Thanks for sharing. Yes, I saw this earlier today and both Eddie and myself are actually quoted in it. It's a great article, but the problem is that our phylogenetic analyses aren't able to answer whether the sequences are unusual at individual residues, except if they are completely off. On a phylogenetic tree the virus looks totally normal and the close clustering with bats suggest that bats serve as the reservoir. The unusual features of the virus make up a really small part of the genome (<0.1%) so one has to look really closely at all the sequences to see that some of the features (potentially) look engineered. 

We have a good team lined up to look very critically at this, so we should know much more at the end of the weekend. I should mention that after discussions earlier today, Eddie, Bob, Mike, and myself all find the genome inconsistent with expectations from evolutionary theory. But we have to look at this much more closely and there are still further analyses to be done, so those opinions could still change.

Best,
Kristian

INTERMISSION**“The China Virus” ? “The Trump Vaccine” ?**

The first quotation was coined by President Trump during Operation Warp Speed. The second is the rant of his political enemies as hard data continues to be generated by his *“wonderful vaccine.”* Supporters are only recently warning him of this flip-flop. The undersigned warned him a long time ago, but he ignored me . . . Failing to act on these sincere warnings places his legacy in peril.

PLEASE REVIEW EXHIBIT 2. Nowhere is **the merging of these quotations** more poignant than by **the Pfizer modRNA vaccine-induced horrors inflicted upon Mrs. Jummai Nache.** My letter to Trump legal counsel, Mr. Michael van der Veen; 20 November 2021 (screenshot) :

Assessment:

Jummai P Nache is a 50 year old female patient who is following up after a prolonged admission and continued rehab after MIS-A. Her clinical course has left her with life-changing physical disfigurement which is almost certainly going to need amputation.

Most of our visit was spent again discussing the potential role of the vaccine in this process. Dr. Fontana shared the letter from the CDC stating that this was MIS-A without clear involvement from the vaccine, though it can't (and likely never will be) excluded as contributing to some extent. Since the last visit, and separate from the laboratory evidence discussed with the CDC, I did have the PF4 antibody testing done on a blood sample saved from around the same day as her arterial thrombotic events. This testing was negative. Thrombotic Thrombocytopenic Syndrome (TTS, previously termed VITT as mentioned in my previous note) is the syndrome linked to the infrequent CSVT and other thrombotic events linked to Johnson and Johnson vaccines. While we do not have pathognomonic tests for this (or most other disorders), the PF-4 antibody testing is quite sensitive, so the absence of it is reassuring against that diagnosis. Greinacher et al. **Thrombotic Thrombocytopenia after ChAdOx1 nCov-19 Vaccination**, *NEJM* April 2021 <https://www.nejm.org/doi/full/10.1056/NEJMoa2104840>). The onset here was also a bit early, based on discussions I had with an expert on the topic at another institution in reviewing this case.

CONCLUSION

In a publicized interview of 3 August 2021, esteemed Cornell University Professor of Chemistry, Dr. David Collum stated his opinion of Dr. Anthony Fauci, and therefore the behaviorism that is central to **“The China Virus” and by-default the Fauci Virus:**

“He’s a pathological liar!”

It is highly unlikely that President Donald Trump was made aware (contemporaneously) of the portent of EXHIBIT 7. The letter of 26 September 2023 from Congressman Dr. Brad Wenstrup to Inspector General Christi A. Grimm of Health and Human Services, explains just how truly disloyal, and how truly pathological Dr. Fauci is; quote:

“According to information gathered by the Select Subcommittee, Dr. Anthony Fauci, then-director of National Institute of Allergy and Infectious Diseases, played a role in the Central Intelligence Agency’s review of the origins of COVID-19.

The information provided suggests that Dr. Fauci was escorted into Central Intelligence Agency (CIA) Headquarters—without a record of entry—and participated in the analysis to ‘influence’ the Agency’s review.

Our goal is to ensure the scientific investigative process regarding the origins of COVID-19 was fair, impartial, and free of alternative influence.”

Fauci says he will resign if Trump retakes the presidency in 2024

Fauci said ‘no’ when asked if he would stay on as National Institute of Allergies and Infectious Diseases director under Trump again

Mr. Ambassador, you may wish to begin consulting your legal advisors regarding the following likely, and deflection, EcoHealth defense lawyer posturings :

The SARS-CoV-2 virus that is alleged to have caused the COVID-19 pandemic, which in-turn was promoted as justification for lockdowns, face masks, and the criminality of mandatory vaccination; that virus originated in China, hence its label : **“The China Virus.”**

Similar in-concept to the brands sampled on Page 6 above, evidence suggests that the contractual specifications for SARS-CoV-2 originated with an American company (and their counterparts in the federal agencies). Blame and therefore liability *does* reside in-part with the Wuhan Laboratory, but they were not **solely** responsible for SARS-CoV-2. The promotion of such as **“The China Virus”** can no longer be legally or diplomatically tolerated. Please feel free to contact me at any time.

Respectfully yours,

Paul V. Sheridan

ADDENDUM

The Fauci Virus

In June 2023 I was informed that Ms. Kimberly Cheatle, Director of the United States Secret Service had an “*open file*” on my person, allegedly initiated after my communications with former President Donald Trump. It was further alleged that the “*open file*” was due to the subject of my communications: **Dr. Anthony Fauci and COVID-19**. (I have been unable to confirm.)

As a courtesy to Ms. Cheatle, I immediately communicated with her. The Conclusion to my letter of 19 July 2023 to Ms. Cheatle states as follows (screenshot) :

CONCLUSION : President Donald J. Trump, the Most-Lied-To and Most-Lied-About President in U.S. History

The only “threat” I might pose to Mr. Donald J. Trump is of an ethical and patriotic nature. I am compelled to demand that he recognize, for the sake of himself, the First Family and the nation; that he was the ***most-lied-to*** and the ***most-lied-about*** president in US history.

Of those lies, none are more insidious and far-reaching as those borne in the criminality of the “COVID-19 pandemic.” The hard data regarding the devastation caused by the mRNA needles (even that surviving censorship) is not receding; indeed it is amassing at an accelerating pace, and at the global level. Unless Mr. Trump forthrightly and publically corrects his “wonderful vaccine” position, the history books will forever assign the horrific adverse events data and its cause (Operation Warp Speed) to the Trump Family name.

I take no pleasure demanding the correction proposed in Reference 2. But I remain steadfast: At this point, the torrid legacy of Operation Warp Speed includes, and is inextricably ***connectable*** to the ongoing agony endured by Mrs. Jummai Nache and her family.

If Mr. Trump embraces this reality, and provides humanity with the whole truth, his legacy will be fortified, and he will be credited historically for his offering of further confirmation of the ***willful misconduct*** that permeates the entirety of the “COVID-19 pandemic.”

A key outcome of Mr. Trump’s further confirmation will be the obviating of LIABILITY IMMUNITY which is so gleefully deployed and enjoyed by his political enemies. The justice so desperately needed among millions nationally and worldwide, at present and in the future, is at stake.

I will be in contact with your office to request, in behalf of the US taxpayer, affirmation of the Subject question (at-bottom Page 4). Please feel free to contact me at any time, with *any* questions you may have.
