Dear Mr. Musk :

Demand 1 : The undersigned implicitly endorses your assistance with DOGE. However, to fulfill its mission, Demand 1 must be undertaken. Waste? Fraud? Abuse?! **At NIH?! The FDA?!**

**Demand 2 : President Donald Trump Executive Order –
Voiding of LIABILITY IMMUNITY for the COVID-19 “vaccine”
Retroactive to 11 December 2020**

As President Trump and Dr. Bhattacharya are aware, Pfizer *‘walked away’* from the most profitable of “vaccine” markets, the great nation of India. **Pfizer scurried into the shadows when Prime Minister Narendra Modi refused to grant the racketeers of BigPharma the absurdity of LIABILITY IMMUNITY.** The modRNA “vaccine” is so dangerous, that litigation would reveal *that* truth, and the reality of criminal conduct. Unable to hide behind LIABILITY IMMUNITY, the risks were too high, and would have decimated Pfizer’s existing and future markets. 1.4 billion “customers” in India . . . but Pfizer scurried. **Let that sink in!**

LIABILITY IMMUNITY? For perspective, a legal juxta-positioning to Tesla, Inc . . . the horrific fire-death of 31-year-old Ms. Monica Hyun Mi Suh. In the prime of her life, she is trapped in the front passenger seat of **a burning 2024 Tesla Model X :**

Mr. Musk . . . this foreseeable accident, part of the OSI data base, occurred on 12 April 2023 at Sunset Boulevard in Los Angeles, California. The funeral was closed-coffin.

The plaintiff attorney has contacted me in this matter. If retained, I am 100% confident that my expertise will not be deployed to overcome a Tesla defense argument of :

LIABILITY IMMUNITY.

LIABILITY IMMUNITY is the brainchild of BigPharma bagman Mr. Anthony Fauci. We now review a very recent application of this unconstitutional ruse, applied to severe injury litigation, **where the BigPharma defendant openly admits wrong-doing!** Right here in “Motor City.”

**Demand 2 : President Donald Trump Executive Order –
Voiding of LIABILITY IMMUNITY for the COVID-19 “vaccine”
Retroactive to 11 December 2020**

con’t

In Michigan, once the auto capitol of the world . . . Mr. Dan Nowacki a victim of the COVID-19 “pandemic.” He avoided the Michigan-based Pfizer modRNA “vaccine.” But Dan is awakened to a post amputation horror which resulted from injection of a high-profit drug, **promoted by Fauci as a “covered countermeasure.”** That PREP Act ruse is used to ensure LIABILITY IMMUNITY, in this instance, for the poisonous Gilead Sciences quackery called Remdesivir :

The totality of the Gilead defense to the Nowacki lawsuit? LIABILITY IMMUNITY.

The trial court dismissed that ruse. Gilead then removed matters from the factual and medical, to the high-priced stench of the political realm; where Fauci practices as “America’s Doctor.” The 8 April 2025 ruling by the *nugatorius* State of Michigan Court of Appeals :

Additionally, as Gilead pointed out in the federal district court, “Congress’s explicit extension of PREP Act immunity to claims involving a covered countermeasure’s ‘manufacture’ would be rendered meaningless if, as Plaintiffs suggest, the presence of a manufacturing defect prevented a product from being a covered countermeasure in the first place.” *Nowacki*, unpub order at 19. To accept plaintiffs’ argument and conclude that manufacturing defects prevent products from being considered “covered countermeasures” under the PREP Act, we would necessarily have to render some of the language of the PREP Act nugatory, in violation of our principles of statutory interpretation. *Esurance Prop & Cas Co*, 507 Mich at 508-509. We decline to do so here.

**Demand 2 : President Donald Trump Executive Order –
Voiding of LIABILITY IMMUNITY for the COVID-19 “vaccine”
Retroactive to 11 December 2020**

Conclusion

“Statutory interpretation”!? How does a integrated person interpret the following? Entered at the trial level in Nowacki, the aforementioned admission of wrongdoing :

RE: Administration of Recalled Remdesivir to Mr. Daniel Nowacki

Dear Mr. Mark Nowacki,

Thank you for your inquiry regarding whether or not your father, Mr. Daniel Nowacki received any of the drug Remdesivir which is subject to the manufacturer Gilead's voluntary recall. We apologize for the delay in responding as we had to research this further in order to verify the information. Our records indicate Mr. Daniel Nowacki was in the hospital between November 10, 2021 and November 24, 2021 and did receive the medication that is subject to the recall. The recall announcement was dated December 3, 2021 and when Mr. Daniel Nowacki was given Remdesivir we were not yet aware of the recall.

Two of the five doses in the course of treatment received by Mr. Daniel Nowacki involved the recalled lot #'s. Those doses were administered on November 10th, 2021 (lot #2141001-1a) and November 11th, 2021 (lot #2141001-1a). The other doses with corresponding lot #'s were as follows; November 12th, 2021 (lot #27015BFA), November 13th, 2021 (lot #27015BFA) and November 14th, 2021 (lot #27015BFA).

If you have any questions regarding health concerns, we recommend you follow up with your primary care provider. Additionally, we are including Gilead's recall announcement for your information.

In contrast to the auto business (**or any other business**) no matter how *willful* their *misconduct*, no matter how criminal their behavior, BigPharma is shielded by **LIABILITY IMMUNITY**; complements of the US House and US Senate . . . and Mr. Anthony Fauci.

Regarding the juxta-positioning (**Suh versus Tesla**, Page 2 above), Tesla lawyers cannot rely on an equivalent California appeals court ruse of **LIABILITY IMMUNITY**:

**I hereby demand that President Donald Trump issue an Executive Order that revokes
LIABILITY IMMUNITY for Pfizer Inc.**

 Psychopath, Minnesota Governor Tim Walz**

Anyone who condones violence, especially for personal or gain, is a psychopath. When such violence is deployed for political gain, the culprit is the cannon fodder of ponerology.

However . . . Mr. Musk . . . you would be gravely mistaken to presume that the violence against you, your company and your customers; promoted by the psychopath Governor Tim Walz . . .

. . . was the first time he did so . . . not even close. Her name is Mrs. Jummai Nache.

Reference 1 Tab 1 presents the violence that Governor Walz and the University of Minnesota inflicted upon a former UMinn Medical Assistant; Mrs. Jummai Nache :

**Mr. Musk, I hereby implore you to review Attachment 1.
Take a loooooong look.**

The Attorney General of Minnesota is Mr. Keith Ellison. He enforced Reference 1 Tab 1. Of all patriots, you will especially appreciate **the obvious connection between Mr. George Soros, his AG lackey Mr. Keith Ellison, his vice presidential candidate Mr. Tim Walz . . . and their horrific modRNA “vaccine” violence inflicted upon Mrs. Jummai Nache.**

Despite several follow-up telephone calls, Mr. Walz refuses to respond to Reference 1.

Next, overleaf begins review of Reference 1. Its Page 13 displays the funding source of the Keith Ellison / Tim Walz political whoredom :

Since 2018 two prominent members of the Soros family have donated thousands of dollars to help Keith Ellison become or remain Minnesota's attorney general.

Reference 1 : My Letter of 24 September 2024 to the Violence Promoting Psychopath, Minnesota Governor Tim Walz *Conclusion*

The violence inflicted upon Mrs. Nache *is* connectable to the New World Order “globalist” Mr. George Soros; Keith Ellison and Tim Walz are mere lackeys. But the Soros connectability is preambled by the anti-West, de-populationist, Jesus-hating ponerological psychopath Mr. Klaus Schwab . . . and his lackey at Pfizer Inc.

It is well known that Mr. Soros is a close brethren friend with two key participants of the COVID-19 Crime Syndicate : (1) Mr. Klaus Schwab, *former* head of the Bolshevik-styled World Economic Forum and *pre-pandemic* author of an exploitive “vaccine” guide book :

. . . and (2) the Klaus Schwab lackey at Pfizer; its CEO, Mr. Albert Bourla :

Next, Reference 2 exposes the COVID-19 racketeer Mr. Bourla in the context of his *participatory status*, and his criminal in-your-face celebration of **LIABILITY IMMUNITY**.

**Reference 2 : My Letter of 20 March 2025 to Missouri Attorney General
 Mr. Andrew Bailey**

Reference 2 obliterates the notions of “vaccine” expediency, ignorantly marketed by President Trump as **Operation Warp Speed**. (Expediency was the farce promoted by Dr. Robert Kadlec, a farce later exposed by Cornell Professor Cynthia Leifer, Page 9 below.)

In early 2020, my knowledge of Mr. Fauci and our alma mater (Cornell University); anticipated the true purpose of his “**surprise outbreak**,” In this context I stated a reality that is difficult for the uninitiated to comprehend . . . or believe. Increasingly documented, please see Page 26 of Reference 2 where I **reiterated the stark reality** :

The “vaccine” was not created in reaction to the so-called COVID-19 virus, but the exact opposite; the SARS-CoV-2 virus was created for the marketability of the decades-old modRNA technology.

In an anti-Trump, modRNA promotional with Deep State sleaze Politico, Mr. Fauci **reveals that the “vaccine” had already been in trials in January 2020** . . .

“When we first developed a vaccine, I said it would be about a year to a year-an-a-half, and that was in January. So a year from January is December. I still think that we have a good chance, if all the things fall in the right place, that we might have a vaccine that would be deployable by the end of the year, by November or December.”

Trials in January 2020 . . . later documented by Pfizer in the European Union! For a pathogen that was marketed by the NIH as “novel” ? With a U.S. GoF moratorium in place, Fauci had to deploy an elaborate go-around with his pal Peter Daszak, and the Wuhan Laboratory of Virology. SARS-CoV-2?!

From Page 25 of Reference 2 . . . April 11 2021 at Cornell University, a modRNA “vaccine” vested interest, a Pfizer sales rep, brethren to Mr. Albert Bourla; Professor Cynthia Leifer :

Ms. Leifer fraudulently promotes the term “vaccine” as she responds :

“What you need to know is that scientists have been working on these coronavirus vaccines for decades. We learned a lot about coronaviruses from our experience with SARS.* And so we used that information to make these vaccines as well.”
(* i.e.. SARS-CoV-1 IN 2003)

Six months later, her friend Pfizer CEO Mr. Albert Bourla threatens and berates the world :

Memo: Mr. Musk, do you know anyone living in the
Republic of South Africa that was “vaccine” injured ?

The government of South Africa does not offer LIABILITY IMMUNITY. Therefore legal shielding, coincident with a mandated but deadly “vaccine,” must be provided *by contract*. In Reference 2 Pages 8 and 30, we find the secret Pfizer *Purchaser Acknowledgement*. Nothing less than BigPharma extortion, this was **coerced upon South Africa on March 30 2021 :**

Purchaser Acknowledgement.

Purchaser acknowledges that the Vaccine and materials related to the Vaccine, and their components and constituent materials are being rapidly developed due to the emergency circumstances of the COVID-19 pandemic and will continue to be studied after provision of the Vaccine to Purchaser under this Agreement. Purchaser further acknowledges that the long-term effects and efficacy of the Vaccine are not currently known and that there may be adverse effects of the Vaccine that are not currently known. Further, to the extent applicable, Purchaser acknowledges that the Product shall not be serialized.

“Long-term effects and efficacy of the Vaccine are not currently known”??

“There may be adverse effects of the Vaccine that are not currently known?!”

Dr. Deborah Birx, former White House Coronavirus Coordinator, sworn testimony before the House Select Subcommittee on the Coronavirus Crisis, 23 June 2022:

Question: Dr. Birx, can vaccinated people get COVID?

Answer: Yes.

Question: Have vaccinated people been hospitalized with COVID?

Answer: Yes.

Question: When the government told us that the vaccinated could not transmit the disease, was that a lie or was that a guess?

Answer: **I think it was hope that the vaccine would work in that way.**

Relative to Demand 1 and Demand 2: As just two samples, leading up to the Emergency Use Authorization (EUA) granted to Pfizer on December 11 2020; are the above contractual and testimonial revelations what the American people were told . . . by the BigPharma lackeys of the NIH? The FDA?

Reference 2 : **My Letter of 20 March 2025 to Missouri Attorney General
 Mr. Andrew Bailey**

Conclusion

We conclude Reference 2 review with its Page 4. On February 18 2025 the Pfizer CEO is asked a simple question about his legal primacy; **LIABILITY IMMUNITY** :

CNBC Question : ‘Vaccine manufacturers like yourself largely shielded from liability; if the product is safe & effective, what is the need to continue to shield, to have these liability shields, and what happens if those shields are changed or go-away completely?’

Bourla non-answer : If the product is not safe & effective we never get **approval** from FDA or from the other health authorities. They are very strict when they are approving products, particularly for vaccines, because exactly it’s given to healthy people. However in the system that litigations can flourish, anyone can create demands that uh, the accident in the car happened because of the vaccine. And uh with a jury, it’s going to be, it may be a flip of the coin. And this is I think why that Congress, it was not an administration, had passed this legislation. That is protecting those that they have **approval** from the FDA from certain liabilities.

“An administration” !? Pfizer was directly encouraging the last minute ploys of the Biden Administration. The crux ? **Extending LIABILITY IMMUNITY to December 2029.**

(PLEASE SEE AT-BOTTOM OF PAGE 2, AND A-TOP OF PAGE 3, OF REFERENCE 2.)

Upcoming : **Revocation of the Cornell University Medical Degree of Mr. Anthony Fauci**

In addition to extending LIABILITY IMMUNITY, another last-minute Pfizer involvement with the “an administration” : **The pre-emptive pardon of the criminal Mr. Anthony Fauci.**

The Biden Executive Order of 19 January 2025 . . . **auto-penned (?) minutes prior to the inauguration of President Trump** . . . the order pardoned Cornell Medical School graduate Mr. Fauci . . . make no-mistake about this . . . given the criminal evidence already in the public domain . . . the pardon was germinated by the paranoia of BigPharma defense lawyers, **Pfizer attorney, Cornell Law School graduate Mr. Doug Lankler in-particular.**

Thanks to Ms. Rachel Rodriguez (Vires Law), we offer **legal insight** into what the layperson assumes : **Pre-emptive Pardon = Guilt, Acceptance of Pardon = Admission of Guilt.**

In *Burdick v. United States*, the US Supreme Court ruling of 1915 states :

“The facts, which involve the effect of a pardon of the President of the United States tendered to one who has not been convicted of a crime nor admitted the commission thereof, and also the necessity of acceptance of a pardon in order to make it effective, are stated in the opinion . . .

The latter (a presidential pardon) carries an imputation of guilt; acceptance, a confession of it (guilt).” *(underline added)*

The legal insight : Did Mr. Fauci accept the pardon?

**Upcoming : Revocation of the Cornell University Medical Degree of
 Mr. Anthony Fauci** *con't*

Afflicted by mental midgetry, Mr. Fauci is compelled to self-contradiction and self-incrimination. Not only did he accept the pardon, he *gushed* about it :

"I really truly appreciate the action President Biden has taken today on my behalf. Let me be perfectly clear, Jon, I have committed no crime, you know that, and there are no possible grounds for any allegation or threat of criminal investigation or prosecution of me."
(MR. FAUCI LIVE WITH ABC NEWS PROPAGANDIST JONATHAN KARL.)

Upcoming : **Revocation of the Cornell University Medical Degree of
Mr. Anthony Fauci** *con't*

“He doesn’t have to accept the pardon. If he did nothing wrong, be a man and turn it down. But you know he won’t because everyone knows he’s guilty of so much.”

Donald Trump Jr.

“If there was ever any doubt as to who bears responsibility for the COVID pandemic, Biden’s pardon of Fauci forever seals the deal. As Chairman of the Senate Homeland Security and Governmental Affairs Committee I will not rest until the entire truth of the coverup is exposed.”

Senator Rand Paul (R-KY)

**Upcoming : Revocation of the Cornell University Medical Degree of
Mr. Anthony Fauci** *Conclusion Page 1 of 4*

We conclude this section by further contextualizing the propriety of your X post :

I now introduce you to Mr. Michael Specter. Specter is another low-level operative of the New World Order (NWO) crime syndicate. Brethren to Klaus Schwab, George Soros, Albert Bourla, Cynthia Leifer, etc., Specter is an enemy of the nation-state and the US Constitution; he openly despises President Trump.

Specter was in shock after his NWO candidate Ms. Hillary Clinton was disposed-of by the 2016 election of Donald Trump. **Immediately** after inauguration (January 20 2017), Specter authored a preemptive attack :

Specter is an ally of the BigPharma bag man, Cornell Medical School graduate Mr. Fauci.

The Specter attack on President Trump *could* not end with *The New Yorker* hit piece, **hardly!** Much subversive work was needed if the re-election of President Trump was to be subverted in 2020. Therefore, future Specter attacks would necessarily involve **the backstabber Mr. Fauci.**

**Upcoming : Revocation of the Cornell University Medical Degree of
Mr. Anthony Fauci** *Conclusion Page 2 of 4*

The election of Donald Trump in 2016 **utterly devastated** the NWO plans; originally schemed to coddle the ignorance, spiritual depravity, and resulting political servility of Ms. Hillary Clinton.

On October 29 2019, Fauci was a speaker in Washington DC at a farce called *The Future of Health*. Held by the Milken Institute, **sponsored by Pfizer**, it was here that the NWO plan for a vaccine promoting, election subverting, “pandemic” was **re-scheduled** and **re-announced** :

“An entity of excitement . . . an outbreak of a novel avian virus could occur in China somewhere.” HHS Director Dr. Rick Bright

The moderator for this now-or-never, Get-Rid-of-Trump event ? Mr. Michael Specter :

Having declared his opposition to vaccine mandates, Specter and Fauci were compelled to coordinate a pre-election hits on President Trump. In early October 2020, Specter rushed the audio book **“Fauci”** . . . a grotesque quote from “America’s Doctor,” Mr. Fauci :

“Once people feel empowered and *protected legally*, you will gonna have schools, universities, and colleges are gonna say, ‘You wanna come to this college buddy? You’re gonna get vaccinated. Lady, you’re gonna get vaccinated.’

Big corporations like Amazon, and Facebook, and and and all of those others are gonna say, ‘You wanna work for us, you get vaccinated.’ And it’s been proven that when you make it difficult for people, in their lives, they lose their IDEOLOGICAL BULLSHIT, and they get vaccinated!” <sic>

**Upcoming : Revocation of the Cornell University Medical Degree of
Mr. Anthony Fauci** *Conclusion Page 3 of 4*

“Protected legally”? (i.e. LIABILITY IMMUNITY)

“Schools, universities, and colleges”?

“Make it difficult for people, in their lives”?!

“Ideological bullshit”?!

Certainly our esteemed institutions of higher learning (Big Academia) would not embrace, let alone invite into their realm, an alleged medical doctor that :

Deploys hidden legal shielding to protect from litigation an experimental gene therapy that is marketed to the trusting public and policy makers as a “vaccine”

Openly promotes coercive deceit

Gleefully threatens physical, social, and economic violence

Brutalizes anyone (that question him) as being embroiled in **“ideological bullshit”**

Not only has Big Academia embraced such a vile person, they have done so *repeatedly*.
A very recent but typical University of Minnesota gala :

**Fauci’s U of M appearance comes
with \$75,000 speaking fee**

The university described Fauci as a “dedicated public servant, humanitarian, and visionary global health leader.”

By Jenna Gloeb - April 8, 2025

**Upcoming : Revocation of the Cornell University Medical Degree of
 Mr. Anthony Fauci** *Conclusion Page 4 of 4*

In the ADDENDUM I introduce you to Mrs. Jummai Nache . . . and what the University of Minnesota (UMinn) inflicted upon her . . . **while cowering behind LIABILITY IMMUNITY.** The administrator of UMinn at the time was Ms. Joan Gabel :

In essence, Joe ‘AutoPen’ Biden was given the equivalent of a pardon by brethren to BigPharma, former US Attorney General Merrick Garland. The Garland ruse was that Biden was too feeble to face prosecution . . . despite the fact that Biden very recently resurfaced.

In contrast, given the Big Academia galas he enjoys, the criminal Mr. Anthony Fauci is not feeble; he is demonstrably physically able to stand trial and enjoy imprisonment.

Thank you for your tweet of December 11 2022. On that date, two years earlier, the Pfizer EUA was announced. My alma mater began fully embracing Fauci “guidance.” An insidious tactic of their “vaccine” mandate, Cornell administrators actively avoided informing staff, faculty and students about **LIABILITY IMMUNITY**. The Cornell administration did however threaten dismissal or expulsion for any that expressed **“ideological bullshit.”**

Tab 6 of Reference 2 contains my Fauci medical degree revocation demand letter of November 27 2023, to Cornell Board of Trustees Chairman, Mr. Kraig Kayser.

Urgent Perspective Revisions Needed in the COVID-19 Viewpoint of President Donald Trump

Finally rejecting that inheritance, President Trump uploaded the following webpage :

Urgent Perspective Revisions Needed in the COVID-19 Viewpoint of President Donald Trump

Page 2 of 2

The three urgent viewpoint revisions :

- (1) With respect to Operation Warp Speed, there was nothing speedy about it :

The “vaccine” was not created in reaction to the so-called COVID-19 virus, but the exact opposite; the SARS-CoV-2 virus was created for the marketability of the decades-old modRNA technology.

(e.g. SEE CORNELL PROFESSOR LEIFER QUOTE, PAGE 9 ABOVE)

- (2) Given the ongoing verbal and documented evidence, and given (1) above, it is not likely that the virus was “leaked.” It was intentionally released. (SEE PAGE 16 ABOVE)

- (3) In order to exact full and true justice, and not thwart my efforts to have the Cornell University medical degree of Mr. Anthony Fauci revoked :

President Trump must stop referring to 2019-nCoV as “the China Virus.”

Later marketed by BigPharma and Big Academia as SARS-CoV-2, 2019-nCoV was the result of a Fauci/Daszak GoF contract with the Wuhan Lab of Virology.

A more accurate, more truthful label, that I have formally proposed *many* times :

Conclusion

Demand 1 must be implemented immediately.

The Department of Government Efficiency (DOGE) must commence a detailed analysis/review of the National Institutes of Health, where Mr. Anthony Fauci was employed for 54 years.

Demand 2 must be executed immediately.

President Trump must issue an Executive Order that revokes LIABILITY IMMUNITY, retroactive to the Pfizer Emergency Use Authorization (EUA) date of December 11 2020.

As I explained four years ago, during my 2021 interview, there is more than enough evidence of **WILLFUL MISCONDUCT**, already in the public domain, that fulfills the PREP Act requirement for voiding **LIABILITY IMMUNITY**. Much of the evidence includes **CRIMINAL CONDUCT**.

The retroactive date of December 11 2020 is minimal. We must not allow any post-EUA modRNA death or severe injury victims to be forgotten. For USA based victims, the retroactive date of July 27 2020 would capture the original “vaccine trials,” wherein participants were **not** informed that the modRNA injections were **not** a vaccine of the “**standard art definition.**” Mr. Anthony Fauci, BigPharma, and Big Academia are all **intimately familiar** with that willful misinformation misconduct.

Please contact me at any time.

Respectfully yours,

The Vested COVID-19 Criminals of Big Academia : Cornell University and the University of Minnesota (UMinn)

The COVID-19 vested interest criminals that have routinely slithered away from blame?
Big Academia? I have long-emphasized these rodents; and at several levels :

If there is any identifiable group that has repeatedly declared, by their words and deeds, to be enemies of the US Constitution, and openly declared themselves enemies of President Trump, *it is Big Academia!*

On many occasions, I have stated / written :

To have the world, they had to have the United States. To have the U.S., they had to have Cornell ! To have U.S. institutions submit to “vaccine” mandates, they had to have the White House !

In April 21 2023 I wrote to the Ivy League Universities; their presidents, their medical college deans, and their law school deans. All received my letter, entitled :

**DEMAND THAT IVY LEAGUE UNIVERSITY ADMINISTRATORS
RESIGN IMMEDIATELY
OVERWELMING AND ONGOING EVIDENCE OF YOUR
“COVID-19 PANDEMIC” CRIMES AND CRIMINALITY**

On Page 11, I stated:

Of the many institutions embedded in the global COVID-19 crime syndicate, none are more insidious than Big Academia. Of the latter, none are more grotesque, and DIRECTLY culpable, than the Ivy League especially the current administrators of Cornell University :

If just one Ivy League University had unmasked the criminal character, purpose, and culprits of the so-called COVID-19 pandemic, that entire scheme would have collapsed; and millions of lives and livelihoods would have been spared . . . This is especially true if it had been my alma mater, Cornell University.

Rivalling Cornell COVID-19 criminality is the University of Minnesota (UMinn). During 2020/2021 when crimes were committed under cover of the “COVID-19 pandemic,” **the UMinn president is Ms. Joan Gabel** . . . brethren to Cornell administrator Ms. Martha Pollack . . . and Cornell Professor of Virology Ms. Cynthia Leifer . . . and Pfizer CEO Mr. Albert Bourla . . .

The Vested COVID-19 Criminals of Big Academia : Cornell University and the University of Minnesota (UMinn)

Meet Ms. Joan Gabel. The former president at the University of Minnesota; she administered funding of the anti-hydroxychloroquine anti-Trump “research” by Surgisphere (SEE PAGE 8 ABOVE). Gabel is responsible for the portent of my imploration * :

**Mr. Musk, I hereby implore you to review Attachment 1.
Take a looooooong look.**

(* SEE PAGE 5 ABOVE.)

Ms. Gabel, Mr. Walz, Mr. Ellison, Mr. Schwab, Mr. Bourla, Mr. Soros, Ms. Pollack, and Mr. Fauci; are **ALL** connectable to the modRNA horror inflicted upon Mrs. Jummai Nache.

That horror was the result of the Gabel modRNA employment mandate which included dismissal coercions against UMinn staff, faculty, students; **and most importantly, former UMinn hospital employees such as medical assistants . . . like Mrs. Jummai Nache.**

The Vested COVID-19 Criminals of Big Academia : Cornell University and the University of Minnesota (UMinn)

Mrs. Jummai Nache and her family :

Both Pfizer and Moderna delayed announcement of their trials until after “election” of the vaccine mandate candidate Joe Biden (November 3 2020). **Immediately** after inauguration of the AutoPen, Ms. Gaben and UMinn drafted a **COVID-19 Vaccine CONSENT** form :

A collaboration among the University of Minnesota,
University of Minnesota Physicians and Fairview Health Services

COVID-19 Vaccine CONSENT 2020-2021
EOHS must receive the Original form for documentation purposes

The following fact is staggering : The drafting of the “consent” form began **prior** to the FDA Emergency Use Authorization to Pfizer on December 11 2020. But it gets worse from here.

The Vested COVID-19 Criminals of Big Academia : Cornell University and the University of Minnesota (UMinn)

In the lower left corner of the UMinn “COVID-19 Vaccine CONSENT” form we find the revision level that was coerced upon Mrs. Jummai Nache :

Vaccination information will be released to the Minnesota Immunization Information Connection (MIIC)
Rev 12/20 ←

In that “Rev 12/20” timeframe, other than lies from Pfizer CEO Albert Bourla, sales lines from his bag man Mr. Anthony Fauci, and the parroting servility of NIH/FDA: **nothing** had yet been released that could survive kindergarten level scrutiny. As a basis of consent, if a reasonable person merely asked reasonable questions about their “covered countermeasure,” they were insulted or threatened or worse.

These COVID-19 criminals schemed at the most fundamental level: Despite detailed expertise, at no time did Cornell or UMinn administrators disclose that what they were mandating as a “vaccine,” *was no such thing!* This then begs the question :

What exactly did “vaccine” victims, like Mrs. Nache, consent to ?!

Over in Europe, Bayer Pharmaceuticals’ Dr. Stefan Oelrich secretly answered that question ;

*“To tackle issues beyond COVID-19, we’ve seen vaccines as the perfect example . . . We are taking the leap in selling gene therapy. Ultimately the mRNA vaccines are an example for that. I always like to say if we had taken a survey two years ago, **in the public**, ‘Would you be willing to take gene or cell therapy; and get it injected into your body?’ **We would have probably had a ninety-five per cent refusal rate!**”*

(SEE REFERENCE 2, PAGE 26)

At no time did UMinn inform Mrs. Nache about a “leap.”

The Vested COVID-19 Criminals of Big Academia : Cornell University and the University of Minnesota (UMinn)

But the coercion that led to the “consent” by Mrs. Nache was just the beginning of the crimes committed by Ms. Gaben and her UMinn hospital system.

Well-known to Ms. Gaben, UMinn, Pfizer, Mr. Fauci and the FDA; the following slide was hidden from public scrutiny; entered but then deleted from the Emergency Use Authorization process. This slide was reviewed **at a secret FDA meeting of October 22 2020**.

Its focus : The foreseeable adverse side-effects of the decades-old modRNA gene therapy technology, when deployed as a so-called “covered countermeasure,” as a so-called “vaccine.”

FDA Safety Surveillance of COVID-19 Vaccines :

---	---

Note the adverse event “Venous thromboembolism.” This danger was well-known to the vested interests at Cornell and UMinn . . . So, in the interest of common decency, in the interest of public service, did these government funded institutions alert the public? **Not a chance.**

Instead, the UMinn criminals coerced Mrs. Nache with another part of their “consent” form :

ACKNOWLEDGEMENT: I have been offered or read or have had explained to me the COVID-19 Vaccine Fact Sheet dated 12/2020 about COVID-19 and the COVID-19 vaccine. I have had a chance to ask questions which were answered to my satisfaction. My election below is based upon my belief that I understand the benefits and risks COVID-19 vaccine.

“12/2020” ? In 2020 / 2021, the only acknowledgement that a victim could realize :

True informed consent at UMinn or Cornell was not possible.

The Vested COVID-19 Criminals of Big Academia : Cornell University and the University of Minnesota (UMinn)

Listed on the secret FDA slide of October 22 2020; **venous thromboembolism**:

You are looking at the left hand of Mrs. Jummai Nache, former Medical Assistant at the University of Minnesota. Photo taken a very short time after she was mandated by UMinn to be “*fully vaccinated*” with the Pfizer modRNA needle. Thromboembolism (*known to the FDA and Pfizer prior to the EUA*), is in the process of destroying bodily blood flow.

The same UMinn “health experts” that were incentivized financially to “vaccinate” with the modRNA poisons, later made even more \$\$\$\$\$\$ as they amputated the limbs of their former medical assistant, Mrs. Jummai Nache. **Let that sink in!**

The Vested COVID-19 Criminals of Big Academia : Cornell University and the University of Minnesota (UMinn)

During their COVID-19 crimes, UMinn “health experts” diverted inquiry about the “vaccine” to the Minnesota-based Mayo Clinic website :

More evidence: The mandating of a LIABILITY IMMUNITY shielded modRNA “vaccine” was a pre-planned underbelly of the COVID-19 criminals. Again, the above “debunking” is dated *prior* to the FDA EUA of December 11 2020! (SEE PAGE 25 ABOVE)

<https://newsnetwork.mayoclinic.org/discussion/covid-19-vaccine-myths-debunked/>

At that same Mayo webpage, we find their pre-EUA elaborations about “severe side effects” :

Myth: There are severe side effects of the COVID-19 vaccines.

Fact: There are short-term mild or moderate vaccine reactions that resolve without complication or injury. The early phase studies of the Pfizer vaccine show that it is safe. About 15% of people developed short lived symptoms at the site of the injection. 50% developed systemic reactions primarily headache, chills, fatigue or muscle pain or fever lasting for a day or two. Keep in mind that these side effects are indicators that your immune system is responding to the vaccine and are common when receiving vaccines.

“Lasting for a day or two”?! “Common when receiving vaccines.”?!

The amputations endured by Mrs. Nache are permanent, not “short-lived.” Amputations caused by modRNA-induced thromboembolism are not “common” with, say, the flu vaccines which to-date are not modRNA, and adhere to the **standard art definition**. (SEE PAGE 21 ABOVE)

The Vested COVID-19 Criminals of Big Academia : Cornell University and the University of Minnesota (UMinn)

On Page 9 above I introduced you to one of the earliest and biggest blabber mouths of the COVID-19 criminals . . . Cornell University Professor of Virology, Ms. Cynthia Leifer.

In lockstep with Big Academia . . . UMinn . . . what was the Cornell “contribution” to the debunking of all those “vaccine myths,” that were perpetrated by all those “vaccine deniers”?

“Have people had severe reactions to the vaccine?”

The risk of severe reactions to these vaccines are only slightly greater than being struck by lightning.

If a severe reaction does occur, it’s gonna happen within fifteen to thirty minutes; it’s due to an allergic reaction to a component of the vaccine. Treatment is provided immediately on site, and hospitalizations are very rare.

Most people will have mild or moderate symptoms; soreness at the injection site. Muscle soreness, maybe fatigue, sometimes a fever and chills.

These are all normal immune reactions and are commonly referred to as ‘flu like symptoms’ because they’re actually shared between respiratory viral infections like the flu and getting the vaccine.”

Note the depth of the Leifer fraud . . . a professor of virology, insinuating upon the trusting, a correspondence between the flu vaccine and modRNA.

The Vested COVID-19 Criminals of Big Academia : Cornell University and the University of Minnesota (UMinn)

Prior to the amputations endured by Mrs. Nache, former medical assistant at UMinn . . .

. . . but hidden from the public by the NIH/FDA, only released through the court order of Judge Mark Pittman, were the **early** 2021 Pfizer reports entitled :

“Post Authorization Adverse Events Reports.”

BNT162b2

5.3.6 Cumulative Analysis of Post-authorization Adverse Event Reports

Table 1 below presents the main characteristics of the overall cases.

A reasonable person is compelled to ask:

If the above was in the possession of the NIH/FDA and Mr. Anthony Fauci, what then were the true PRE-Authorization Adverse Events? During 2020?

The Vested COVID-19 Criminals of Big Academia : Cornell University and the University of Minnesota (UMinn)

The response to the Page 31 question from the Cornell and UMinn “experts” ?

It would likely be akin to the following March 18 2023 and April 8 2025 gala notices :
